

For 36 hours ending 5 p.m., Thursday:
Victoria and vicinity—Light to moderate winds, continued fair, and cool at night.

Playhouse—Wedding Bells.
Pantages—Vaudeville.
Columbia—Mistress of the House.
Royal—Wandering Daughters.
Capitol—Where the North Begins.
Dominion—Six Days.

SEVERE EARTHQUAKE AND FLOODS ADD TO JAPANESE HORRORS

Violent Shock Disrupts Communication From Kure;
Thousands of Refugees Suffer in Typhoon

Tokio, Sept. 26.—Another severe earthquake occurred in Japan last Monday in the Hiroshima district. The quake was especially violent around the city of Kure. The extent of the damage has not been determined, as communications between the region and the remainder of Japan have been disrupted.

Kure is in the extreme southwestern end of the Island of Honshu and approximately 450 miles south of Tokio.

Floods have followed a typhoon yesterday in Fukagawa Honjo, wards of Tokio. Many have suffered as a result, as thousands of refugees were encamped in rude shacks in these wards.

The storm damaged rice and other crops in many prefectures.

C. P. R. PREPARING FOR BIG GROWTH IN TOURIST TRADE HERE

Beatty Expects Business to Expand Enormously Next Year; Company to Reach Decision on Amusement Centre Soon; Hopes Action May Be Favorable; Fast New Steamers to Handle Expanding Business

Victoria's tourist business will increase enormously during the next few years and 1924 will be easily the biggest tourist year in history, E. W. Beatty, President of the Canadian Pacific Railway, told directors of the Chamber of Commerce at their luncheon today.

To take care of the growing tide of visitors, the C.P.R., he said, is about to build two large new coast steamers designed to take care of business between Victoria, Vancouver and Seattle and is completing its investigations into the possibility of establishing a big amusement centre here. Mr. Beatty added that a definite decision on the amusement centre scheme would be reached in a very short time, and he hoped that this decision would be favorable. The company appreciated the generous attitude of Victoria taxpayers towards Canadian Pacific Railway property here, and the attitude which had made the city and the company real partners, he said.

DRUG CASE MAY GO TO OPEN INQUIRY

Charges Against Officers of
Canadian Mounted Police,
Meanwhile Stand Over

That an independent and public inquiry into the charges now resting against two officers of the Vancouver drug squad of the Royal Canadian Mounted Police would be shortly announced, was intimated in proceedings at the City Police Court today.

F. W. Eccles and W. L. Smith, the police officers in question, with Frank Fernandez, longshore foreman at Vancouver, were remanded until Wednesday on all charges.

All three accused are charged with unlawful drug possession. Eccles is charged with possession of opium smoking paraphernalia, and all three are charged with uttering threats against Sidney Hunt, a taxi driver of this city. Bail was continued with the consent of the bondsmen, Inspector Shoebottom and Sergeant Jones, both of this city.

When the hearing opened today J. A. Russell, K.C., and J. B. Pattullo, K.C., appeared with H. G. S. Heisterman for the defence. The defence was ready to proceed, it was stated. The Crown was ready to proceed also, stated City Attorney C. L. Harrison, but he would suggest a demand for reasons he wished to give the Court.

"I had a message from the Attorney-General this morning," stated Mr. Harrison, "who stated he had received a wire from Ottawa in which it was stated that a public inquiry was being considered and that a decision was expected shortly on the matter." At this stage Mr. Harrison read to the Court a letter from Col. T. A. Wroughton, Assistant Commissioner of the R. C. M. P. for this Province, to special Customs Officer J. E. Norris, stating that power to hold a departmental inquiry, formerly granted, was now revoked.

The letter read in part: "Please note that by telegraphic communication from the Commissioner my instructions to hold an investigation into the above under Police Act have been cancelled, the Attorney-General being in communication with the Department of Justice at Ottawa in connection with an independent inquiry."

In view of these proceedings, stated Mr. Harrison, he would agree to a remand for a week further. All charges were then remanded for hearing until October 3.

FOUR THOUSAND MORE BRITISH UNEMPLOYED

London, Sept. 26 (Canadian Press Cable)—The number of unemployed persons in Great Britain has increased by 4,000 in the last week.

COMPROMISE ON CARMEN'S WAGE VERTS STRIKE

Attitude of Men Points to
Scale Being Favored

Vancouver, Sept. 26.—With the spectre of a street car strike vanished, the members of the conciliation board settled down to the more or less clerical task today of drawing up the details of its finding.

There are many points of subsidiary interest in the application made by the men, but the new wage scale was the pivot around which the contending forces circled yesterday. That has been settled, and although no member of the board, official of the company or union will state what the basis of agreement is until the award has been submitted to the Department of Labor at Ottawa, the new rate has leaked out. It is practically a fifty-fifty compromise and unofficially is stated to be sixty-two cents an hour.

Costs Company \$150,000
The existing basis is fifty-eight and a half cents; the demand was for sixty-five cents, the former scale. To motormen and conductors the increase will represent an increase of approximately twenty-five cents a day. To the company, it will mean an additional annual cost for operation of somewhere around \$150,000 a year, the total number of employees being in the neighborhood of 2,000.

The finding will be forwarded by wire to the Department of Labor at Ottawa and, when approved, will be officially announced. As soon as it becomes available to the representatives of the Motormen's Union, it will be submitted to the men at large. It will then remain for them to decide whether it shall be accepted or rejected.

Back's Assurance
If they reject, there would again develop the possibility of a strike, but from the attitude of the men and the officials, the assumption seems justified that the new rate will be favored.

SOCKEYE RUN IS ALARMINGLY LOW, EXPERT REPORTS

Babcock Unable to Find Any
Spawning Sockeye in
Upper Fraser

That he was unable to find any spawning sockeye in any section of the upper Fraser River system is the startling statement of John P. Babcock, Assistant Commissioner of Fisheries, who has just returned to Victoria after an inspection trip of the interior and whose preliminary report was made public today.

"I could find no spawning sockeye in any section of the upper Fraser," Mr. Babcock says. "No sockeye have been seen by any resident at Quest, back of Barkerville. The Chilcotin Indians reported that very few sockeye had entered that river this year. The Indians were permitted to fish with dip-nets this season, but their catch was confined almost exclusively to spring salmon. Not to exceed fifty sockeye were taken at any one of their three fishing stations. No sockeye have been seen at Seton Lake this year."

Only Bright Spot
The only bright spot in the whole watershed is the Birkenhead River, at the head of the Harrison-Lillooet lakes section, where the Dominion Government operates a hatchery. The run to that section so far this year compares favorably with that of recent years. There is every prospect of filling the hatchery to its capacity of 50,000 eggs. In recent years more than fifty per cent of all the sockeye eggs collected for the hatcheries of the Fraser have been taken from the Birkenhead. The maintenance of the sockeye run to that section is certainly a tribute to the able manner in which the hatchery there is managed by T. W. Graham, the superintendent.

Less Than Ever
"The number of sockeye that appeared at Hell's Gate canyon this year is reported to have been much less than in any former year. The number of spring salmon that reached there this year compares favorably with any recent year. The Indians fishing with dip-nets at Hell's Gate caught spring salmon; not to exceed 100 sockeye were taken there by Indians this year."

It is now too early to judge of the sockeye run to Harrison, Cultus and Pitt lakes.
The catch of sockeye on the Fraser in British Columbia this year will not exceed 30,000 cases, and the catch in American waters is reported to have been but little more. With so small a catch on the fishing grounds it is not surprising that so few sockeye were reported on the spawning beds."

On his arrival the President was pleased to observe work on hand for the new marine headquarters for the coast service of the company, and he expressed the hope that the building would be completed in time for the rush of tourist traffic next summer. The building will be a handsome addition to the group of buildings facing on the Inner Harbor.

HEAD OF CANADIAN PACIFIC RAILWAY HERE; E. W. BEATTY

EXPECTS REPORT ON AMUSEMENT CENTRE SCHEME SHORTLY

President E. W. Beatty, of Canadian Pacific Railway, Here With Party of Directors; Building of Two New Coastwise Steamers to Be Started Soon

E. W. Beatty, K.C., President of the Canadian Pacific Railway, who is in Victoria today on his presidential visit, announced to The Times that the company is now making inquiries in connection with the whole question of an amusement centre in Victoria, and it is expected that the report of the officer detailed to the work will shortly be ready for consideration. It will be recalled that Vice-President D. C. Coleman, who is with the party now, stated when the Empress Hotel by-law was voted upon early in the year that the company would investigate the whole question of amusement centres in special relation to participation in the erection of such an institution here.

To Improve Coastal Service
Mr. Beatty supplements his statement made in Vancouver yesterday that the company will immediately add two large modern steamers to the I.C.C. coast fleet, by stating that construction will be undertaken just as soon as plans can be prepared and estimates received from the builders.

He states that the company's coastal business has so increased during the past season or two that this action had become necessary in order to meet the increased demand of the tourist trade, and on this matter Mr. Beatty said: "It is early to speak of the possibilities of increased tourist traffic in 1924, but I should be very much surprised and disappointed if that traffic did not continue to grow steadily."

Calms Restored
Paris, Sept. 26.—Calm has been restored in the districts of Bulgaria, where the Communists provoked trouble, says a Havas dispatch from Sofia. One centre of ferment—the most important, alone remains—that of Ferdinandov, but the government's operations for the suppression of the insurrection there are proceeding normally.

The suicide of several of the rebel leaders is reported, while others are said to have been killed by their own followers. A large number of those in revolt have surrendered their arms, many of which were rifles of a Russian model.

Relief Work
The President repeated his denial with regard to the Pacific Great Eastern Railway story, issued from Winnipeg some weeks ago with a claim for authenticity in high quarters. On this matter he replied: "The story about negotiations between the Canadian Pacific Railway Company and the Government of British Columbia in connection with the Pacific Great Eastern had no foundation in fact, and naturally was not inspired by anyone having knowledge of the situation."

Marine Building
On his arrival the President was pleased to observe work on hand for the new marine headquarters for the coast service of the company, and he expressed the hope that the building would be completed in time for the rush of tourist traffic next summer. The building will be a handsome addition to the group of buildings facing on the Inner Harbor.

BALDWIN WILL OUTLINE POLICY TO PREMIERS

Important Speech Anticipated
at Imperial Conference
Monday

Asquithian Liberals Plan
Thousand Meetings Before
Christmas

London, Sept. 26 (Canadian Press Cable)—Premier Baldwin's speech to the premiers of the Dominions at the opening of the Imperial Conference here next Monday promises to be of great importance.

Mr. Baldwin will address the students at Northampton College tomorrow but it is not expected that he will refer to the European situation, except in general terms.

It is thought that he will postpone a detailed statement of the Government's foreign policy until he opens the Imperial Conference.

Asquith Campaign
What is described in the Liberal press as the greatest effort at propaganda work by the Liberal party since its memorial budget campaign of 1909 will be inaugurated by the Liberal leader, H. H. Asquith, at the National Liberal Club tomorrow. The party organizers have a programme of one thousand meetings to be held before Christmas. At these meetings special prominence will be given to the question of free trade.

Mr. Asquith will deal with the Liberal policy in relation to the European situation at a meeting tomorrow. At this meeting he will also deal with the problem of unemployment and the questions of free trade and land reform.

Miss Lloyd George
The object of the letter was to induce Mr. Asquith to throw open his mind to dissatisfied Georgians. To some extent this has been successful. It has evoked the reply from the Liberal headquarters that would be found at a great meeting to be held today for all who desired to participate in the forthcoming Liberal drive.

Australia Hands Crushing Defeat to Church Union

Toronto, Sept. 26.—According to information received here yesterday, the plan for organic church union has received a "crushing defeat" at the recent meeting of the assembly of the Presbyterian Church in Australia, South and West Australia and Victoria, which are the largest of the assemblies in Australia. The decision was to reject the amended basic union and the union proposal, while New South Wales and Queensland voted in favor of the proposal, says the dispatch.

REACH DECISION ON GREEK PAYMENT

Ambassadors Find Money is
Payable to Italy at Once

Paris, Sept. 26.—The council of ambassadors to-day reached a decision on the question of the payment of the 50,000,000 lire indemnity by Greece to Italy. The decision was to keep secret until Greece can be notified. It is understood, however, that the council found that Greece had been dilatory in seeking the perpetrators of the Janina crime, and hence that the money was payable to Italy immediately.

STRIKERS CRIPPLE IRISH INDUSTRY

President Cosgrave Blames
Employers and Workers
Equally

Dublin, Sept. 26.—Strikes in various trades in Dublin and the provinces which are crippling the Irish Free State's industry have provoked appeals for Government intervention. President Cosgrave, on the afternoon of the 25th, answered the appeals by stating a warning that enormous losses confronted the Government in consequence of industrial disputes. He blamed the employers and workers equally for the situation. The cost of production must be reduced, he said, and the people must be content with fewer luxuries than they had been accustomed to. Mr. Cosgrave added that the Government would finance a housing plan if it was assured of the co-operation of the employer and the employee.

WITHOUT SURRENDER OF PARTICLE OF GERMAN TERRITORY

President Ebert Issues Proclamation to People on
Abandonment of Ruhr Resistance; All Cabinet
Ministers Countersign Document; Reports of Re-
vived Activity of Separatists Alarm Rhineland.

Berlin, Sept. 26.—President Ebert today issued a proclamation to the German people saying the struggle to support the financial strain of holding out in the Ruhr was too great and must be abandoned but only without the surrender of the slightest particle of German territory.

The proclamation, which is countersigned by all the Cabinet Ministers, says: "It depends upon the powers which invaded us and their allies to restore peace to Germany by adhering to this conception or by rejecting this peace, to bring about all the results in the relations between the peoples which would proceed therefrom."

PRESENTS CANADA'S CASE AT GENEVA; SIR LOMER GOUGH

CANADA MUST KNOW OBLIGATIONS, SAYS SIR LOMER GOUGH

Speaks on Military Force
Article of World's League

Persia May Withdraw Ob-
jection to Resolution

Geneva, Sept. 26 (Canadian Press Cable via Reuters).—The possibility that Persia may yet withdraw her objection to the resolution for the interpretation of Article Ten of the League of Nations Covenant, which concedes the right of each member state to decide to what extent its military forces shall be used to preserve the territorial integrity of another, which Canada has urged for four years, is felt in League circles from the adverse vote yesterday.

League members are fully alive to the importance of the resolution, and will anxiously await the ruling of the League Council as to whether the President of the Assembly has referred the whole matter mainly for confirmation, or amendment of his own ruling that the single opposition of Persia was sufficient to defeat the resolution.

The Voting
When the resolution was put Persia voted against it. The countries in favor were: South Africa, Australia, Austria, Belgium, Brazil, Bulgaria, Great Britain, Canada, Chile, China, Cuba, Denmark, Spain, France, Greece, Hungary, India, Ireland, Italy, Japan, Luxembourg, Norway, New Zealand, Netherlands, Portugal, Salvador, Sweden, Switzerland and Uruguay.

The countries abstaining from voting were: Albania, Costa Rica, Estonia, Finland, Haiti, Latvia, Lithuania, Lithuania, Panama, Poland, Siam, Czechoslovakia and Venezuela.

IS CRUSHED BETWEEN ENGINE AND BOX CAR

Saskatoon, Sept. 26.—A. A. Crayder, thirty-five, a bachelor, was caught between a Canadian National engine and box car yesterday at Delisle, Sask., while coupling them and was almost cut in two. He died instantly.

"Rhineland Republic"
Not the least of the German Government's worries come from the alarming reports from the Rhineland, where the separatists are showing increasing activities. They have created a "general directorate," which has convoked a grand rally to be held at Dusseldorf next Sunday for the purpose of proclaiming a Rhineland Republic.

The French regime is said here to agree to place seventy railroad trains at the disposal of the separatists, who believe the situation created by the German Government's abandonment of passive resistance offers a suitable moment for the accomplishment of their designs.

Issues Warning
Cologne, Sept. 26.—"Give no quarter to the secessionist traitors," is the command given by the Labor leaders in the Rhineland to their following, who are urged to bend all their efforts toward the maintenance of national unity. The leaders, who believe the situation created by the German Government's abandonment of passive resistance offers a suitable moment for the accomplishment of their designs.

Awaiting Decision
Paris, Sept. 26.—Premier Poincaré is awaiting the actual cessation of resistance in the Ruhr and compliance by the industrial interests with the orders of the authorities of occupation before forming an opinion as to the significance of political events in Germany.

ERROR IN JUDGMENT WRECKED DESTROYERS COMMANDER STATES

San Diego, Cal., Sept. 26.—An "error in judgment" caused the wreck of seven destroyers off Hondo, Cal., September 8, according to Lieut.-Commander Donald T. Hunter, commander officer of the U.S.S. Delphi, which was leading the column when Destroyed Squadron Eleven rode into the surf at twenty knots.

That it was an error in judgment and not an "act of Providence" that hurled seven ships to destruction and twenty-three men to their deaths was admitted by Captain of the Delphi shortly before his testimony late yesterday before the naval court of inquiry investigating the disaster.

FORMER MINISTER VISITS VICTORIA

Major-General Mewburn,
M.P., Renews Acquaintance
With Old Friends

Major-General Hon. S. C. Mewburn, C.M.G., K.C., M.P. for East Hamilton, is in the city today in his capacity of Director of the Mutual Life Company of Canada, accompanied by C. M. Bowman, of Waterloo, chairman of the executive of the company.

Major-General Mewburn expressed to The Times his pleasure at being a visitor to the city again, having the most pleasant recollections of the city during his term as Minister of Militia in the Coalition Ministry, when he paid official visits to British Columbia.

He says that business is showing considerable improvement in Ontario and generally in the great provinces, but in southern Manitoba conditions in the harvest are not what they should be, and the crop, in that section, will not measure up to the standard anticipated.

The revival of the country from post-war conditions has been slow, the General adds, but he has no confidence in the opportunities afforded by the development of the Pacific Coast ports, backed by immeasurable natural resources, that he is more certain than ever of its prosperity in the future. He expects to call upon a number of his friends while in the city, including Brig.-General J. M. Ross, colonel commanding the military district. Of the late Major-General R. S. Edwards, he spoke in the kindest terms, as an example of citizenship and heroism rare in Canadian annals.

ENGLAND TO HEAR PREMIERS' VIEWS ON REPARATIONS

Imperial Conference Will Thoroughly Explore Ruhr Problem

France May Wave Advantage Secured by Success

London, Sept. 26.—Germany's capitulation in the Ruhr and Great Britain's relationship to France on the reparations problem as modified by the recent interview between Premiers Baldwin and Poincare in Paris, were the chief topics of discussion at today's meeting of the British cabinet.

Mr. Baldwin acquainted his colleagues with all the facts of the Paris interview, but no hint regarding the nature of the conversations were allowed to escape from the cabinet.

At one o'clock the Ministers were still in session. There seems little likelihood that either Great Britain or France will make direct approaches to Germany in the light of changed situations in the Rhineland for several weeks. Premier Baldwin desired that the Imperial Conference here shall thoroughly explore all the phases of the Ruhr problem with a view to reaching a formula satisfactory to all the countries in the British Empire before any advances are made to Germany or a reply is sent to Berlin's last note.

May Wave Advantage

The political writers in the morning press for the most part refrain from speculation as to the future. The Daily Telegraph's expert, however, is confident that France will waive any tactical advantage she may have obtained over Great Britain in consequence of her success in the Ruhr. Editorial comment on the surrender of Germany is very limited. The Daily Mail, a strong supporter of France, raises a point of triumph and praise for M. Poincare, but the newspaper is severely critical of the Morning Chronicle, however, harshly scores France and the present British government for causing in Germany a financial collapse of appalling magnitude.

E. H. BURTON DIES AFTER LONG ILLNESS

The death took place on Monday at the Royal Jubilee Hospital of Edgar Harold Burton, aged twenty-eight years, the son of Mrs. G. H. Brown, 422 Helmcken Street. Formerly a member of the Colonial mechanical staff, ill health forced him to give up his occupation and for several years he has been an invalid. He is survived by his mother, Mrs. G. H. Brown; one half-sister, Miss E. M. Brown, and one brother, E. P. Brown, all resident in Victoria. The funeral will take place to-morrow afternoon at 2 o'clock from the B.C. Funeral Chapel where Dean Quinlan will conduct the service. Interment will be made in the family plot at Ross Bay.

THREE MEN DIE IN HYDROPLANE CRASH

QUEBEC, Sept. 26.—Three men were killed in a hydroplane crash at Roborville, Quebec, this morning. They are Alphonse Landry, observer, Kamouraska; B. Desautels, pilot, Ottawa, and X. Degouise, surveyor, residence unknown.

EXCHEQUER COURT ENDS SESSION HERE

Helgeson Suit Decision Reserved; Mr. Justice Audette Lears of Mild Climate

Exchequer Court session here terminated today when judgment was reserved in the case of the King and Thomas F. Helgeson. Mr. Helgeson sought damages and compensation for the expropriation of a right-of-way, twenty feet wide, through his property at Metehosin, involving .42 of an acre of arable land. The Crown took the right-of-way to the strip, 215 feet long, in 1919, and installed a pipe line to serve water to the William Head Quarantine Station, it was explained. The Crown offered \$350 for compensation, but this was refused.

Today Mr. Helgeson, through E. V. Finland, his counsel, set out the amount of damages and compensation that would cover his loss, which he estimated at nearly \$500. Ernest Miller, for the Crown, contested the values set up by the appellant, and cited the Crown's offer as equitable. Mr. Justice Audette reserved judgment, pending a review of the evidence entered in the two-day's proceedings.

Leave to speak to an order of Mr. Justice Audette was given Frank Higgins, K.C., acting for the defendant in the Vancouver hearing of the King and Boland Stewart. The point could be raised in Chambers at Vancouver, ruled His Lordship, being a variation requested of an order already delivered.

Astonishing Memory
While in session here Mr. Justice Audette astonished counsel by his exact memory of even minute details. Time and again throughout the session His Lordship checked counsel as to dates, figures and other points given in evidence twenty-four hours before. In each case he proved him correct, and indicated a memory of mathematical exactness.

During the trials here Mr. Justice Audette learned to severely condemn the Winter on the Island was so mild that plowing was possible. The point arose when the appellant stated he requested the Crown's leave to plow the ditch for the pipe line in winter, so as not to disturb seeding or crops. "Your ground is not frozen," remarked the Court in surprise. He was assured that Winter here knew nothing of the rigors of Eastern Canada.

J. W. NEY BURIED IN VANCOUVER

The funeral took place in Vancouver on Monday of the late John Wesley Ney, who died last week. He was seventy-one years of age, and was formerly a resident of Victoria. He had been for the last two years a sufferer from heart trouble, which kept him confined to his room, but it was only a day or two before his death that he was removed to hospital. Mr. Ney was born in Glenallan, Ontario, in 1852, and came to British Columbia seventeen years ago, taking up residence in Victoria. He was three years later to the mainland, where he carried on realty business until forced to discontinue through ill-health. He is survived by his daughter, Miss Winnifred Ney, well-known in musical circles, and three sons, Wilbur, Milton and Stewart Ney. Mrs. Ney died five years ago. The funeral was held under the auspices of Cascade Masonic Lodge, which also furnished the pallbearers. Representatives of the Odd Fellows and other fraternal societies, of which deceased was a member, also attended.

Tokio, Sept. 26.—The Japanese Government is making inquiry into the United States looking toward the purchase of 120,000 tons of building material. As soon as the financial and economic policy of the government is definitely framed, a foreign loan will be floated. It has been learned. All business firms who need assistance will be allowed to borrow under government auspices.

TORONTO USES ARMORED CAR TO PROTECT BANKS

Elaborate Precautions to Prevent Repetition of \$80,000 Hold-up

Toronto, Sept. 26.—Elaborate precautions were taken by the Toronto police and bank officials this morning to safeguard against a repetition of the \$80,000 holdup of the bank messengers which occurred on July 24. A warning had been sent out, according to a local newspaper, that an attempt similar to the first one would be made today.

Six constables were placed at corners along the route taken by the messengers. In addition there were five constables at the clearing house and a mounted policeman followed the messengers when they came out. Each bank also had guards at its doors.

The ten tanks which were represented by messengers had a dozen guards at the clearing house and there were altogether twenty-six messengers. Each bank also had guards at its doors. The messengers came out of the clearing house in a body and with the exception of two parties got into their cars, lined up at the curb. The parties which went on foot were made up of two messengers, a guard and two constables. The majority of the automobile parties composed of at least five messengers and guards. Each car as it reached its bank was dropped.

No time was lost by the messengers. They were out of the clearing house at 9:35 and the last party was in its bank by 9:45. There was one armored car in the lineup and the rest were ordinary big cars.

Five-Mile Walk on Lloyd George's Training Schedule

London, Sept. 26 (Canadian Press cable).—Lloyd George's visit to Canada is featured in newspaper articles describing the ex-premier "in training." They declare he walked five miles Sunday in an hour toward Hindhead and back to his bungalow at Churt. He has been doing this for weeks and is said to be in wonderful physical form.

SOLDIERS DISPERSE 'REBEL' LAWMAKERS

No Bloodshed or Violence Attends Oklahoma Session

Oklahoma City, Okla., Sept. 26.—Oklahoma's "rebel" legislators were dispersed by the military at noon today when they attempted to convene a special session of the lower house to seek the impeachment of Governor J. C. Walton.

About 100 guardsmen patrolled the grounds. The first of the legislators to arrive at the Capitol were met by military men carrying policemen's clubs and sidearms. None carried a service rifle. The lawmakers were permitted to enter the building singly.

Multitudes crowded the streets leading to the Capitol. The military occupation of the state Capitol building, intended to prevent the scheduled convening of an extra session of the lower House of the Legislature at noon, had been completed at 9:30 o'clock. It was estimated that approximately 100 guardsmen were in the building. Every corridor, every outside entrance and all driveways in the immediate vicinity were patrolled.

EARTHQUAKE WRECKS NINE VILLAGES

Twenty-Two in Northern Persia Partly Destroyed

Allahabad, British India, Sept. 26.—Nine villages were totally and twenty-two partially destroyed by the earthquake which shook the vicinity of Bujrud, Persia, last Thursday, says a message received from Meshed, Northeastern Persia, today. The shock caused the death of 157 persons and the injury of 146. The centre of the disturbance was the Atrak River, along the line between Kana and Shirvan.

C.P.R. PREPARING FOR BIG GROWTH IN TOURIST TRADE HERE

(Continued from page 1.)

luxuries until we can reduce our annual disbursements," he declared, "using that in the next few years no money be spent except on productive projects designed to effect further economies."

Tourist Traffic

Mr. Beatty said his trip to Alaska had convinced him that the tourist traffic on this coast was capable of enormous development. "The year 1924 should be easily the biggest tourist year in history," he said. This development, he added, would be of great value to Victoria.

This city, he said, should get ready for a larger tourist business and should lay the foundations for that business now in co-operation with the C.P.R.

Mr. Beatty said the Bellingham ferry Motor Princess had experienced a most successful season. "The operation of the Motor Princess more than confirmed our wisdom in putting her on the run," he declared.

The value of the tourist business cannot be over-estimated, Mr. Beatty asserted. He again urged Victoria to do everything in its power to increase its tourist trade, which, he believed, would grow enormously during the next few years. "It is up to you to see that we maintain a continual stream of the best tourists to this country," he urged.

Friendship

"We look to the C.P.R. with a feeling of great friendship," C. T. Cross, president of the chamber, declared in welcoming Mr. Beatty. He recalled the decision of the Victoria taxpayers to cut down taxation on C.P.R. property here—a decision which reflected the city's friendship for the railway company. Mr. Cross congratulated the C.P.R. on launching the Bellingham ferry, Motor Princess, and on its decision to go ahead with the construction of a new terminal here. He hoped that the company would follow this work with the construction of a new terminal for the Esquimalt and Nanaimo Railway.

For the benefit of Mr. Beatty, Mr. Cross described the progress of Victoria during the last twenty years. This development, he believed, was of great advantage to the C.P.R. "We consider ourselves, he said, in a sense partners with the railway company."

\$21,000 DAMAGE IN SHINGLE MILL BLAZE

Million Shingles and Machinery on Mainland Lost

Vancouver, Sept. 26.—Fire, believed to have originated in the engine room, totally destroyed the H. L. Brett Shingle Mill on the fore-shore of the inlet today. All the mill machinery and 1,000,000 shingles were also destroyed, the total damage being estimated at about \$21,000.

WINNIPEG LABOR MEN NAME CANDIDATE

Winnipeg, Sept. 26.—Ald. A. A. Heaps was nominated by the Independent Labor Party here to-night to contest the by-election in North Winnipeg on October 24, necessitated by the elevation of Hon. E. K. McMurray to the cabinet as Solicitor-General.

It is considered almost certain that Mr. McMurray will also have opposition from the Conservatives, who are expected to nominate the former member, M. R. Blake, and R. B. Russell, who has intimated his intention of running as a workers' candidate.

PROBE RAILWAY DISPUTE

Ottawa, Sept. 25.—E. M. Quirk has been appointed chairman of the Board of Investigation in the dispute between the C.P.R., the C.N.R., the Tensikaming & Northern Ontario,

and some other railways and their maintenance-of-way and shop laborer employees. The men are represented by David Campbell, of Winnipeg, and the companies by R. T. Riley, of Winnipeg.

FREE STATE PARLIAMENT PASSES JUDICIARY BILL

Dublin, Sept. 26.—The Dail Eireann yesterday unanimously passed the second reading of the judiciary bill, which would abolish the existing legal system, which would be replaced by new district courts modeled along the line of the courts set up by the first and second Dails.

The High Court judges would be reduced to nine and the district judges would number about one-half of those now acting as County Court judges.

Under the bill there will be a central criminal court in Dublin.

AMERICAN RED CROSS RISES TO EMERGENCY

Washington, Sept. 26.—The readiness of the American Red Cross in an emergency and its enormous growth in the last ten years were described to delegates attending the annual convention here to-day by James L. Fieser, vice-chairman in charge of domestic operations.

Within thirty-six hours after the proper solution of the Japanese earthquake reached this country, he emphasized, the country was ready for its relief service, due to the preparedness of the 3,000 Red Cross chapters in various parts of the country.

More than 1,000 counties in forty-eight states are employing Red Cross public health nurses, he said.

National headquarters announced that the Japanese relief fund was now \$3,702,700.

THOUSANDS LOOK TO CANADA SAYS RAILWAY CHIEF

Perfect Colonization Plans
Urges C.P.R. President

E. W. Beatty Speaks of National and Local Problems

Vancouver, B. C., Sept. 26.—E. W. Beatty, President of the Canadian Pacific Railway, addressed a large gathering of the Vancouver Board of Trade here last night at a dinner given in his honor. In the course of his speech Mr. Beatty said:

"It would not require an apology either to discuss with you the interests of Vancouver or of British Columbia because of the enormous stake we have in the development of the city and the Province. It is no exaggeration to say that the investment of the Canadian Pacific in British Columbia is greater than that of any other corporation. It is an investment which runs into the hundreds of millions and is as varied as it is enormous."

B. C.'s Development.
"It comprises forms of activities with which you are entirely familiar, but which touch in more ways of contact the present and future development of the Province than any other Canadian enterprise of which I am aware. The initiation of the policies which led to this development was not the result of any haphazard or unmatured plans but was due to a realization that the future of the Province held much that would be to the advantage of the company, and to that future the company, could by its own efforts, materially contribute."

Rates.
"You have recently had a long, continued dispute on the matter of rates. It has been considered by the Railway Commission of Canada under different chairmen and their conclusions are now a matter of public record. These conclusions were not entirely satisfactory to the business interests of British Columbia and a decision of the Privy Council as to one phase of the matter has just been made public. It would be improper for me and I know it would be of little interest to you for me to reiterate the contentions of the parties to this dispute. It would be improper for me to comment upon the decision of the Commission or the attitude of the Governor-in-Council. The question is still subject to be decided before the proper tribunal."

National Problems.
"If we have local problems to solve, we are also both concerned with the proper solution of national problems, the effect of which is reflected so strongly in the country's and our own individual prosperity. The two questions, which are the most serious, are those which have to do with the realization of the latent wealth of Canada and the reduction of our external liabilities, the methods to be adapted to accomplish both are those which primarily concern us most and on the sufficiency or otherwise of the methods it will be determined whether Canada will reach within a reasonable period a fair measure of economic stability or whether it will drag along with unlightened burdens and a discouraged people. I do not believe that uncurbed optimism ever, in the last analysis, brought prosperity. Neither do I believe that despondency and gloomy forebodings ever helped to lighten the burdens of the people of any country. Even if I were so constituted, I could not afford to be a pessimist, but I see nothing in our situation, heavy as our national burdens are to warrant anyone having any doubt as to the future of this country, but when I say this (and I think it is the judgment of most business men), it does not mean that vigorous and courageous steps to correct the evils of which we are conscious should not be taken by the business communities of Canada."

Need of Population.
"We are confronted with a few important and unescapable facts. The first is that the area of the country is large and its population inadequate. The second is that its natural wealth has scarcely been touched and its agriculture, its forests, its mines, its fisheries and its industries have not contributed to the people of the country the wealth to which they are entitled or have not eased the burdens of a population bearing as they do a heavy burden of taxation. That taxation is, of course, dependent upon the size of the national obligations and the extent of the national expenditures. How can our expenses and revenues be balanced more quickly in order that our future may be realized. These are the problems which confront every citizen of the country and are the problems which are being confronted and will always confront every enterprise whose success depends upon its ability to secure revenues greater than its expenses."

"Even a cursory examination must convince the skeptical that greater business caution and prudence in national and provincial expenditures are the first steps in the easing of the situation which we have, when all is said and done, not improved, since the closing of the war. How can the situation best be re-adjusted in the interests of the whole country. I do not pretend that my opinion on the subject is any more valuable than yours, but it does seem that we are reduced to face certain essential considerations of a very simple character and that the appreciation of them by governments will go a long way to improving our situation."

Immigration.
"It has been said by men much better informed and wiser than I, that Canada needs more people and more capital. It is a hopeful sign that the necessity for both in relation to the country's future had for us to start the stream when the conditions in this country were substantially improved. We forgot, in our consideration of the subject, under the after-war conditions which then existed, two important factors. We forgot that it took considerable work, the expenditure of much money and a highly efficient organization, and this work should be commenced long in advance of the expected flow of people. We also forgot that what we were not doing other countries were doing, with the result that the pick of the available material, especially in England and Scotland and in the countries of northern Europe from which excellent settlers to our knowledge could be secured, were being diverted to countries which were living in their own countries. Canada has not, in recent years, secured its proper proportion of this very desirable material."

It is true that immigrants are coming forward in larger numbers than heretofore, but they are not coming forward in as large numbers as we can secure. If our organization at home and abroad is perfected, in fact I am safe in saying that where we have secured hundreds we can readily secure thousands of the kind of men who will be productive to this country, but of course it cannot be done in any haphazard way. These men must be induced by proper representations to take advantage of the opportunity offered now beyond their reach in their own countries. They should be informed of the climatic conditions existing in Canada in all parts of it, of the form of the organization which they will be expected to live, and of the absolute necessity of industry if they are to succeed. They should be instructed that they will be expected to take an active interest in Canadian affairs, to see that their children are educated as Canadians and that they themselves become "Canadians" in the truest sense of the word. They should not be allowed to simply land in Canada and shift for themselves."

MAKES SPEEDY TRIP
WITH QUAKE FILMS

Chicago, Sept. 26.—Eddie Stinson, flying in his Junker all-metal plane, carrying Japanese earthquake films, landed at Ashburn Field, here, at 12:15 a.m. and left for New York a half-hour later after refueling. He expects to make the trip to the Curtiss Field at Hempstead, L.I., in eight hours without a stop after leaving here.

Adverse winds and fog forced Stinson to take seven hours for his trip from Fort Snelling, Minn., to Chicago, he said.

RUSSIAN PROTEST

Moscow, Sept. 26.—Foreign Minister Tchitcherine in a note to Japan, protests against the expulsion of the Russian relief ship "Leontine" from Yokohama Harbor. The note adds that Russian subscription for relief of Japanese earthquake sufferers "will continue to be received."

LAND ACT. Form No. 11.
Notice of Intention to Apply to Lease Land in North Saskatchewan District, according to District of Victoria, and Situate Near...

Take notice that Stephen Jones, of Victoria, hotel keeper, intends to apply for permission to lease the following described lands: Commencing at a post planted at the S.E. corner of Lot 4, of the subdivision of Sec. 15 and 16, of Range 2, East North Saskatchewan District (Map No. 384), thence north, eighty-nine chains, thence east, seven chains, thence east twenty-three chains, thence south twenty-three chains, thence west eight chains, thence south sixteen chains, thence west sixteen chains, thence south eleven chains, thence west eight and a half chains, more or less, to the shore line at high water mark, opposite to Lot 10, of the said subdivision, and containing 48 acres more or less.

Dated Sept. 12, 1923. Stephen Jones.

MAGIC BAKING POWDER

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

than yours, but it does seem that we are reduced to face certain essential considerations of a very simple character and that the appreciation of them by governments will go a long way to improving our situation."

It has been said by men much better informed and wiser than I, that Canada needs more people and more capital. It is a hopeful sign that the necessity for both in relation to the country's future had for us to start the stream when the conditions in this country were substantially improved. We forgot, in our consideration of the subject, under the after-war conditions which then existed, two important factors. We forgot that it took considerable work, the expenditure of much money and a highly efficient organization, and this work should be commenced long in advance of the expected flow of people. We also forgot that what we were not doing other countries were doing, with the result that the pick of the available material, especially in England and Scotland and in the countries of northern Europe from which excellent settlers to our knowledge could be secured, were being diverted to countries which were living in their own countries. Canada has not, in recent years, secured its proper proportion of this very desirable material."

They should not be allowed to simply land in Canada and shift for themselves."

ALBANIAN ALLEGES GOVERNOR HAD HAND IN BOUNDARY MURDERS

London, Sept. 26.—An Albanian shepherd, testifying before the international commission of inquiry at Janina into the massacre of General Tellini and his suite, created a sensation when he declared that the Albanian Governor of Argyrokastr asked him, previous to the crime, if he would undertake to "assassinate a mission."

General Tellini and his brother officers were members of the international mission delimiting the Greco-Albanian frontier.

CANADA MUST KNOW OBLIGATIONS, SAYS SIR LOMER GOVIN

(Continued from page 1.)
Prince Mirza Riza Khan, of Persia, struck the first discordant note by declaring that Persia could not accept the proposed resolution which, he contended, weakened the value of Article X. He suggested referring the question to the Permanent Court of International Justice at the Hague, whose decision Persia may accept.

The delegate from Panama associated himself with this proposal, and Professor Joseph Barthelmy, representing France, M. Politis, of Greece; Sir Willoughby Dickinson, of Great Britain, and M. Klotz, of Switzerland, as president of the committee which dealt with the subject, all supported the resolution and begged those who did not agree with it to abstain from voting in order that a unanimous vote might be obtained.

The second Persian delegate, Emir Zoka Ed Dowleh, at this point intervened and proposed an adjournment of the vote for a few days pending receipt of instructions from the Persian government at Teheran.

This suggestion, however, was combatted by Sir Lomer, who urged an immediate vote.

The assembly, by a majority of one, rejected the proposal for an adjournment, after which the vote on the resolution was taken.

NEW YORK PRESSROOMS APPROACHING NORMAL

New York, Sept. 26.—Following the announcement of George L. Berry, president of the International Printing Pressmen's and Assistants' Union that "a strike has never been won in America against newspapers when such strikes have been inaugurated in violation of contracts or in face of a tender of conciliation by publishers," the publishers of New York's dailies announced to-day that conditions in their pressrooms were

measuring normal, and that many out-of-town pressmen were arriving to take the places of strikers.

Mr. Berry asserted that arbitration was the only means for the settlement of differences between employees and employers after conciliation had failed.

SUCCESS OF LOAN PLEASES MINISTER

Subscribers Give Dominion
Deserved Financial Support

Ottawa, Sept. 25.—Hon. W. S. Fielding, Minister of Finance and Acting Premier, in a statement made public to-night, expresses satisfaction at the news of the success which promises to attend the issue of the new Canadian government refunding loan.

Mr. Fielding said: "I have received with pleasure, but not with surprise, the news of the success that promises to attend the issue of the new Canadian government refunding loan. The Canadian people have always responded to every call made upon them for subscriptions to the government loans. The government are now offering an issue of bonds under conditions which permit investors to obtain securities backed by the entire resources of the Dominion, yielding an income which places them in a class by themselves among bonds of stable countries."

"The subscribers will give the Dominion the deserved financial support and at the same time make a profitable investment. I cordially recommend to the public the offering of the purchasing syndicate, with full confidence that the response will once more prove the faith of Canadians in their own country."

Anti Saloon Man Sees Virtue in Bottle of Bass

Hartford, Conn., Sept. 26.—Prohibition was criticized yesterday in an interview by the Rev. G. Herbert Elkins, who has resigned as Assistant State Superintendent of the Anti-Saloon League. He is quoted by The Hartford Courant as saying he has no confidence that America will stand permanently against light wines and beer, that because he is English he was heretical enough to stand up in meetings of the league and say:

"It will take more than your propaganda to convince me that there is no virtue in a bottle of Bass."

C. P. R. CHIEFTAINS

It is a long time since the yearly visits of inspection to the Pacific Coast of the President and directors of the Canadian Pacific Railway could be considered in the nature of performances of routine duty. Developments in western Canada and on the great ocean which laps these shores, in recent years have given to these annual pilgrimages a progressively freshening significance, and we have come to associate them with important decisions relative to the expansion of the company's vast system. If the predictions of wise men that the time is rapidly coming when the Pacific will supplant the Atlantic as the marine battleground of the world's commerce are well founded, we are bound to learn of still greater activity by the company in promoting its interests in this part of the continent.

We are reminded that in overseas transportation from this coast, whether in the inland waters or to far Cathay and Australasia, the company has been actually ahead of its time. When nobody else in Canada was evincing the slightest interest in the prospect of trans-Pacific trade, the C.P.R. was operating, in the old Empresses of India, China and Japan, the finest vessels on the ocean. Even to-day, although nine-tenths of Canada is not yet alive to the possibilities of this connection, the company is running a fleet of liners which will compare favorably in speed, comfort and equipment with any ships traversing any sea. It is only seventeen or eighteen years ago since the Lucania was the flagship of the mighty Cunard fleet on the Atlantic, and who would have the hardihood to compare that vessel with the present Empress of Canada or the Empress of Australia? Plainly the spirit of romance and adventure is strong in the councils of the men who direct the destinies of this big enterprise, for the time has not arrived when its trans-Pacific services can be unreservedly justified by financial profit alone.

Apart, however, from whatever significance may be attached to their visit here, Victoria always has a hearty welcome for President Beatty, Vice-President Coleman and their associates. They are distinguished Canadians, in charge of a Canadian institution which has the admiration of the world and of which our people are justly proud, a pride which is not diminished by the controversies over freight rates and other differences that arise from time to time between provincial and municipal governments and the company. They furnish a cogent reminder that there is nothing fundamentally wrong with a country which can produce the greatest transportation system in the world and provide men so conspicuously capable of conducting it as our visitors of to-day and their staff.

A STRIKE AVERTED

Victorians learned with a good deal of satisfaction last night that the transportation system of the British Columbia Electric Railway Company would be operating here and in Vancouver this morning as usual. Yesterday's earlier developments looked more or less hopeless and a strike, with its inevitable dislocation of business and general inconvenience, seemed certain. Happily, however, the Conciliation Board—assisted by the obviously tolerant attitude of both sides to the controversy—found it possible to get the strike order held in abeyance until a new basis of settlement could be discussed. Meanwhile the mediation of the arbitrating body, coupled with the general desire on the part of the company and the men to avoid anything that would result in loss all round, will no doubt produce an amicable solution at an early date.

STILL WAITING FOR IT

Quite a number of speeches already have been delivered by Mr. W. J. Bowser during the course of the Northern tour which he is now making in company with the member for Esquimalt. At New Hazelton, at Vanderhoof, at Fort Fraser, at Stewart Lake, and at a number of other places in that thriving and promising part of the country the Leader of the Opposition has held meetings. But in the reports of the proceedings, related at considerable length in the Northern Central press, there is no trace of the new course which he promised would be tried out for the first time on this particular tour.

Before leaving this city Mr. Bowser said he was "through with hammering these fellows over the Bay" and from that time on he would take the people into his confidence and discuss with them the policies that he would put into force "when we get into power and take over the government of the country." But it looks as if the public is destined to continue its waiting for anything new from the Conservative chieftain. Reports of his speeches so far lend the usual emphasis to the old themes.

The Leader of the Opposition told the people of New Hazelton that when he was Premier of the

Province he would be "in a position to revolutionize the administration of British Columbia's affairs." In fact one of the first things he proposes to do as the leader of a Conservative Government is to reduce the civil service and increase the efficiency of the administration. And when it comes to taxation Mr. Bowser will employ his own methods to reduce the load which the people are carrying at the present time.

Not a thing new yet; but there is still time for the Opposition Leader to make good his promise. Meanwhile he might explain to the people of the North how he proposes to build the roads that he says the Government should build and cut taxes at the same time; how he is going to reduce the civil service and increase the efficiency of the administration; what he means by revolutionizing the processes now employed in the conduct of public business. Generalities are useless by themselves—especially when they are somewhat moss-covered.

TWO NEW VESSELS

Of particular interest and importance to the people of this city and neighborhood is Mr. E. W. Beatty's announcement that the Canadian Pacific Railway Company will add two more vessels to its present fleet of palatial coastwise steamers. The announcement will be greeted with abundant satisfaction for many reasons. It means that this highly popular gift service will become still more popular and even more liberally patronized by the travelling public. It also signifies that the Canadian Pacific Railway Company, with its special facilities for anticipating its requirements to an almost uncanny degree of accuracy, is confidently expecting travel, and tourist travel especially, to increase in substantial proportion.

In this outlook therefore the people of Vancouver Island are more than ordinarily interested. They know how much they rely upon the gulf service in an ordinary commercial way and will welcome any programme that will spread its popularity still farther afield.

Note and Comment

Britain ungrudgingly gives to Premier Poincaré the fruits of victory. The way now seems fairly clear for joint and harmonious counsels to prevail upon the reparations question.

A woman kissed a horse in London because the animal looked at her and she always "loved horses." But the lady's inebriated state induced the judge to fine her just one pound for her disorderly conduct. Rather an expensive osculatory exercise!

The Rev. G. Herbert Elkins, who has just resigned as Assistant State Superintendent of the Anti-Saloon League at Hartford, Conn., says that because he is English he is heretical enough to stand up in meetings of the League and say: "It will take more than your propaganda to convince me that there is no virtue in a bottle of Bass." We presume he was not referring to a bottle that had gone "flat."

Would it not be possible for the military authorities at Esquimalt to call off big gun firing at a reasonable hour at night when it is considered necessary to use the darkness for practice at all? Surely there is nothing to justify the shooting away of shells at midnight or after. People like to get to bed and asleep in decent time and slumber is impossible within comparatively close range of the artillery in action. Future programmes might well fit in with a suggestion of this kind.

Some Thoughts for To-day

Man on the dubious waves of error tossed.
Cowper.

Eternity! thou pleasing dreadful thought!
Through what variety of untried being,
Through what new scenes and changes must
we pass!
Addison.

The truth is perilous never to the true,
Nor knowledge to the wise; and to the fool,
And to the false, error and truth alike,
Error is worse than ignorance.
Bailey.

What makes all doctrines plain and clear?
About two hundred pounds a year.
And that which was prov'd true before
Prove false again? Two hundred more.
Butler.

The equal right of all men to the use of land.
Is as clear as their equal right to breathe the
air—
It is a right proclaimed by the fact of their
existence.
For we cannot suppose that some men have to
be in
This world, and others no right.
Henry George.

Our Contemporaries

ANOTHER POLITICAL NOSTRUM
Prince Rupert News:—Between the Fascists, the Socialists, the Ku Klux Klan, Society Blue Ruin artists and the Progressives the poor old world is in an awful mess. Why not invent another political nostrum right here and label it Ruperitis.

GET RID OF BOGEY
Winnipeg Tribune:—If the politicians will once abandon the bogey that legitimate business interests are rapacious monsters seeking whom they may devour, and will realize instead that these institutions have as great interest and as great a stake in the prosperity of the farmers as the farmers themselves, Manitoba will make faster progress.

IS PROPAGANDIST FOR NORTHERN ROUTE

Norman S. Fraser, President of Ashcroft Board of Trade, Here

The leading champion of the Fraser Canyon interprovincial highway route, Norman S. Fraser, of Ashcroft, President of the District Board of Trade, is in the city to-day to meet officials of the Public Works Department.

Since he appeared as a delegate at the annual convention of the Good Roads League of B. C. at Vancouver on August 20 to support the all river route Mr. Fraser has done little else but devote his strenuous activities to champion the cause of the northern party. He has traveled great distances in Central British Columbia, and in other parts of the Province in the interests of the movement, talking upon the subject, and gathering supporting resolutions from all sorts and conditions of people and organizations. Certainly no cause ever won a more zealous propagandist. To post himself before that campaign he carefully traversed the route of the old highway between Yale and Lytton, to see exactly what conditions prevailed on the canyon route, in contrast to the Hope-Princeton route.

Mr. Fraser brought to Victoria to-day an optimistic expression of opinion on the campaign in which he is engaged. He is satisfied of the ultimate success of the movement, which has now divided the interior into two camps, the great effort now being to swing support from the populous Lower Mainland and Southern Vancouver Island to one or other contending party.

WILLIS-OVERLAND ADJUST PRICES

Reductions Announced in All Models; New High Record in Production

Coincident with the commencement of the new business year, Willis-Overland Limited made an adjustment of prices. Willis-Knight open car prices were first reduced, and now closed models in the Willis-Knight line are lowered in price. At the same time, it is announced that all Overland models are substantially reduced. Lower prices are the direct result of increased production. During the business year just closed Willis-Overland set a new high record in production. For the new year it has laid down a more ambitious manufacturing programme than ever before.

On this basis the company has calculated its ability to produce motor cars at figures that would never have been dreamed of as possible a few years ago. Increased production and popularity of the Willis-Knight sleeve-valve motor and the introduction of new Overland models have made an immediate and widespread public acceptance have combined to give such an impetus to business that today the announcement is made of lower prices on the various Willis-Knight and Overland cars.

MOOSE ATTRACT SPORTSMEN FROM ACROSS BOUNDARY

American big game hunters are invading the old Barkerville gold country now, according to John Babcock, Assistant Commissioner of Fisheries, who has just returned to his desk in the Parliament Buildings after a tour of the interior. Moose are plentiful around the Bowron Lake area this year and hunters are making the most of their opportunity this season. Mr. Babcock said to-day: "There were four parties of American big game hunters in the Bowron Lake section this season at the time of my visit," Mr. Babcock stated. They did not come in until September 15, as the season for killing moose, as originally set by the Game Board was not to open until that date.

The Board amended the order and opened the season on September 1, with the result that few of the resident moose hunters reached the field until September 15. The game wardens at Quesnel stated that other hunting parties were coming in later and that every recognized guide in that section was engaged. Moose were in evidence along all the many small lakes in the Barkerville section.

"I saw fourteen moose in Sandy Lake and four of them were big bulls with fine heads. Willow grouse were plentiful in all sections this year and many blue grouse were seen in the Chilcotin section. Only local ducks were seen. The northern migration of ducks and geese had not made its appearance when I left. "Owing to abundant summer rains there was a big hay crop and the cattle were in the best possible shape. However the price paid the ranchers is so low that it is doubtful if a cattlemen in the Cariboo-Chilcotin country will break even on expenses this year."

ORDERS PROBE OF VIOLATION OF MINE LAWS

An inquiry is being held this afternoon at Cassidy by W. H. Wall, who has been appointed under the provisions of the Coal Mines Regulation Act, into the conduct of John Nigro, a coal miner, in connection with the firing of shots at the Granby mine at Cassidy, in contravention of the terms of general order 12 of the act. On August 31 Nigro was brought before the police magistrate at Ladysmith, found guilty and fined \$10 and costs.

Hon. William Sloan, Minister of Mines, is of opinion that there should be the fullest investigation into such

Rock, Shale and Clinkers

ARCHAEOLOGIST TO SPEAK TO-MORROW

Dr. Harlan Smith Will Address Natural History Society

The eminent archaeologist and anthropologist, Dr. Harlan Ingersoll Smith, who in recent years has been engaged by the ethnological section of the Canadian Geological Survey, will arrive here from his field work at Bella Coola to-morrow.

Dr. Harlan Smith will speak in the evening to the members of the Natural History Society on "Canadian Archaeology in Its Relation to Canadian Trade." For several seasons he has been engaged in field work in that section of the Province, his discovery of remarkable petroglyphs there arousing wide interest throughout Canada and the United States.

NEW INSULATORS USED HERE ON CABS

Latest Shock-Absorbing Invention Installed on H. B. Olson's Fleet

More than ordinary interest was created at the garage of the Empress Taxi & Sight Seeing Co. upon the arrival of the new yellow cabs when it was learned that they were equipped with rubber shock absorbers, the latest development in spring shacking devices for the absorption of road vibration.

"We were very much surprised upon receipt of our newest cabs to see the rubber insulators," stated H. B. Olson, manager and proprietor of the Empress Taxi & Sight Seeing Co. "We had been advised that the Yellow Cab Manufacturing Co. had been licensed to use the shock insulators, but did not know the equipment would be put into use so soon. This proves to us, of course, that we received the most modern cabs that have been built."

"It is claimed by the makers that use of this device makes a cab literally 'float on rubber.' Taxicab customers have been accustomed to shirk when they saw a vehicle approach a street car crossing, deep gutter, cobblestone pavement or any kind of irregularity in the street surface. This will not be the case for our patrons as a result of the new equipment."

"Some of our patrons have been so enthused over the easy riding qualities of the cabs that they have inspected them with interest after arriving at their destination and questioned the drivers as to what has been done to make them ride so easily. Many assume that we are using tires lightly inflated, but that is not true. The new insulating device permits us to inflate tires according to the manufacturer's instructions, which means many more miles of use without any unpleasantness to occupants of the cabs."

Yellow Cab

Drivers not ordinary drivers

Little things are not overlooked in striving to bring YELLOW CAB service to the highest point of perfection. You will like the "humanness" of our organization.

Women patrons of YELLOW CAB are especially grateful for the timely courtesies of our men.

Perhaps it is only the holding of an umbrella over you to and from the door on a rainy day. You may be given a friendly lift with a heavy traveling bag. The children may be carefully bundled up and driven to school. Or any one of a score of similar helps.

These are the little BIG things which illustrate the YELLOW CAB conception of service. It is true that such attentions are not expected from ordinary drivers, but YELLOW CAB men are not ordinary drivers.

The success of YELLOW CAB is founded in public confidence earned through honest endeavor to serve faithfully day by day.

Hail Them Anywhere

Yellow Cab Co.

WOMAN JOURNALIST HELD UNIQUE POST

Mrs. Lipsett Skinner, First Woman to Reach Press Gallery; Attends Convention

Mrs. Harold Ross, of Toronto, is a guest at the Empress Hotel.
Mr. and Mrs. Sherrin, of Fern St., left on Sunday for California where they will spend a month's holiday.
Mrs. Edwards Redford left yesterday for Vancouver where she will spend the next three months.
Mr. and Mrs. W. Davis, 880 Monterey Avenue, are receiving congratulations on the arrival of a baby girl.
Mrs. H. S. Drummond Hay, of Glouster, is visiting in Victoria as the guest of Mr. and Mrs. Drummond Hay, Gorge Road.
Mrs. T. Savage, of Liverpool, is expected in Victoria shortly to spend the winter months with her sister, the Misses Fraser, "Carlsbrooke," Balmoral Road.
Miss Pearce, accompanied by her sister, Miss Hazel Pearce, left on Monday for Brandon, Manitoba, to spend the winter visiting with friends there.

MRS. LIPSETT SKINNER
Genevieve Lipsett Skinner, who recently came to the coast to reside in Vancouver, and will be in Victoria on Thursday with the Triennial Press Convention, has attained a unique position in the journalistic world. The Parliamentary Press Gallery at Ottawa was her goal, and this she attained in spite of discouragements.

Those who qualify for this eminence are regarded as the elite of Canadian journalism, for the thirty-two members of the gallery share by all the rights and privileges of senators and members of Parliament. A considerable portion of one wing on the third floor of the new buildings is reserved for them, and they may dine and entertain their friends in the Parliamentary Restaurant. It has often been said that the British House of Commons is the most exclusive club in the world, and the Parliament Buildings at Ottawa may be fitly described as the most exclusive club in the Dominion. It was not surprising therefore that a woman storming the sacred precincts should get a rather chilly reception, but Mrs. Skinner reports that by the end of her first session all but two of her thirty-one fellow members had softened sufficiently to raise their hats and say good morning.

On only one occasion during the two years she has been at Ottawa has she been convicted of a breach of the rules of the Green Chamber. This was on an evening when, happily conscious of a fine new marcel, she ventured into the Press Gallery bareheaded. A note promptly sent up from the sergeant-at-arms called her attention to the fact that while men are not permitted to wear their hats in the gallery a woman's headgear is de rigueur.

"There is no reason," said Mrs. Skinner in an interview recently, "why a goodly proportion of the Press Gallery should not be women. Over half the voters in the country are women, vitally interested in the conduct of our nation's business at Ottawa."

DAUGHTERS OF PITY IN MONTHLY SESSION

The regular monthly meeting of the Daughters of Pity was held on Monday evening at the residence of Miss Sylvester, a large attendance being present. Arrangements were made for the annual meeting, to be held at the Nurses' Home of the Jubilee Hospital on October 30, and plans were concluded for the annual sale of work, to be held in the same place on November 3, when some lovely work will be displayed. Miss Sylvester and Miss Herbert were asked to form a committee to enquire about floor-covering for the Children's Ward in the hospital building. A daily quart of milk was voted for a soldier's widow with two little children, and a donation vote for buying cigarettes and tobacco for the men on the Empress of Australia.

On Wednesday afternoon, October 3, Mrs. Stuart Robertson, Belmont Avenue, will hold a musical at her home, the proceeds of which are to be devoted to the Women's Auxiliary Jubilee Hospital. A number of Victoria's leading artists have consented to sing for this occasion, thus assuring a most enjoyable afternoon for those who attend.

Miss Marguerite Strath, who has been visiting her uncle and aunt, Mr. and Mrs. Stuart Robertson, Belmont Avenue, left on Monday for Seattle to continue her studies with Mr. Carol Atkins of Naramata, B.C., who is director of the dramatic works of the Cornish School in Seattle.

YOUR HOME AND YOU

By HELEN KENDALL

The Flag Stone Path

"Come in," greeted our host, host, proudly, swinging open the low arched gate that led into his garden. "I've just finished my flag-stone path, and I'm as set up over it as if it were the Milky Way. Looks a bit like it at that, doesn't it? But I've always thought that a garden path should be a curving, informal, wandering sort of thing, with groups of flowers surprising you at every curve."

"Well, it's lovely," we admitted. "How did you ever get it so regularly irregular? The stones are all sizes and shapes, yet it has a stunning pattern."

"Took lots of time and thought and planning," said the host. "I got broken flag-stones you know, from a contractor who thought I must be crazy to want damaged, broken pieces. But they work up better than perfect stones. They all had to be fitted together with edges that ran reasonably parallel. I made wide joints between them—three inches in some places, and filled these in with rich wood earth, over which I scattered fine grass seed and clover seed. The stones themselves are set

IN WOMAN'S DOMAIN

Mr. Harold Ross, of Toronto, is a guest at the Empress Hotel.

Mr. and Mrs. Sherrin, of Fern St., left on Sunday for California where they will spend a month's holiday.

Mrs. Edwards Redford left yesterday for Vancouver where she will spend the next three months.

Mr. and Mrs. W. Davis, 880 Monterey Avenue, are receiving congratulations on the arrival of a baby girl.

Mrs. H. S. Drummond Hay, of Glouster, is visiting in Victoria as the guest of Mr. and Mrs. Drummond Hay, Gorge Road.

Mrs. T. Savage, of Liverpool, is expected in Victoria shortly to spend the winter months with her sister, the Misses Fraser, "Carlsbrooke," Balmoral Road.

Miss Pearce, accompanied by her sister, Miss Hazel Pearce, left on Monday for Brandon, Manitoba, to spend the winter visiting with friends there.

Mrs. Dorothy Macdonald, who is returning to her ranch in Saskatchewan, will be the guest of honor this evening at a farewell party given by a number of her old-time friends, now resident in Victoria.

Miss Graves, of Rothwell Street, left on Sunday for Pasadena where she will continue her training as nurse. Miss Ethel Graves accompanied her sister on the trip to the south.

The bi-monthly meeting of the Women's Liberal and Conservative Educational and Social Club will be held on Friday evening in the clubrooms, Campbell Building. The members are urgently requested to attend as special and important business will be discussed.

Miss Stevens, of Vancouver, is the house guest of Mr. and Mrs. Keiser, Rose Street, having come over to attend the wedding of her cousin, Mrs. Herbert Keiser and Miss Dorothy Stewart, which took place this afternoon.

Miss Ida Mole will be the raison d'être of a birthday party to be held on Friday night at 8.30 in Harmony Hall. Invitations were previously issued, but Mr. and Mrs. Mole are asked to note that the party will be given on Friday evening and not on the previous date.

The Red Cross Society asked in yesterday's morning paper for a tuxedo coat for one of the refugees, to enable him to accept an engagement to play in an orchestra in Vancouver. Before ten o'clock the same morning three offers were made to supply the deficiency, and the necessary outfit has now been secured.

Members of the Mooseheart Legion entertained last night at a very enjoyable whist drive, held at 1238 Government Street, under the capable direction of Mrs. Hodgkinson and Mrs. Scarra. The affair was held in aid of the fund to send the deaf team to next year's convention, which will take place in Portland, Oregon.

The Victoria Women's Institute extends an invitation to all officers and members of the Esquimalt Women's Institute to a tea to be given in their honor on Friday, September 28, from 3 to 4 p.m., at 1230 Government St. All members of the Esquimalt Women's Institute are requested to make an effort to be present.

On Wednesday afternoon, October 3, Mrs. Stuart Robertson, Belmont Avenue, will hold a musical at her home, the proceeds of which are to be devoted to the Women's Auxiliary Jubilee Hospital. A number of Victoria's leading artists have consented to sing for this occasion, thus assuring a most enjoyable afternoon for those who attend.

Miss Marguerite Strath, who has been visiting her uncle and aunt, Mr. and Mrs. Stuart Robertson, Belmont Avenue, left on Monday for Seattle to continue her studies with Mr. Carol Atkins of Naramata, B.C., who is director of the dramatic works of the Cornish School in Seattle.

Other students of unusual merit will be heard, among those taking part in the program being Messrs. H. Charlesworth and J. C. Shaw, the Misses Peggy Steine, Louise Buckley, Annie Miller and Master Douglas Hodgson. Madames J. O. Cameron and P. L. James with Miss Eric Ulin will be the accompanists.

The recital will be given in aid of the educational work of the local Y.W.C.A.

WASTED ELOQUENCE

"This theory of governing children by appealing to their reason isn't all it's made out to be," said a public school teacher recently. "A youngster needs a good spanking once in a while; it cheers up a child as nothing else will. Here is an instance—"

"One of my boys had skipped his classes, deceived his mother, been found out, and caused much unhappiness all round. I took him aside, and we had a heart-to-heart talk. Johnny sat looking at me intently, and seemed to be deeply impressed. 'I thought I was making great headway, and that my sermon was penetrating Johnny's brain. I never saw a child who seemed so absorbed, even fascinated, by my line of argument. But you can never tell. Just as I had reached the climax in my appeal to his better self a light of discovery broke over Johnny's face. 'Please, teacher,' he said, eagerly, 'is your lower jaw that moves, isn't it?'"

in sand. The grass seed is just springing up, you see—next Spring it will fill in every crevice with a thick green turf. Here and there we have planted tiny blooming things—English daisies, dandelions, moss pink and crocuses.

"Creative work like this is the perfect exercise for Autumn, if a man enjoys outdoor building. Then, too, the growing turf gets a good start before frost and snow are ready to cover up the raw edges by Spring. I often wonder why city people don't put irregular, friendly walks in their lawns up to the house instead of hard concrete approaches. It would make many a house on a city street look more like a home!"

Mr. R. S. Thompson, of the Gorge, has left for Alberni, where she will be the guest for a week of her daughter, Mrs. L. A. Pingo.

Miss Myrtle Steenson is home again after a month spent in the East, during the course of which she visited relatives in Toronto and New York.

Hon. Mrs. Lawrence, who has been spending the summer months with her daughter, Mrs. B. H. Tyrwhitt Drake, left yesterday on her return to her home in London, England.

The Women's Canadian Club meeting on Friday afternoon will take the form of a tea, to be held in honor of the Press Club convention delegates. The tea will be given in the dining-room of the Empress Hotel at 3.15, and as Judge Emily Murphy will be the speaker, a large gathering is looked for.

The Women's Auxiliary of St. Joseph's Hospital will hold their customary weekly meeting on Friday, on account of the address on "The Standardization of Hospitals," which is to be given at 2 o'clock on Friday at the Empress Hotel. All members of hospital auxiliaries and others connected with hospital work are cordially invited to attend this lecture, which will be given under the auspices of the American Surgeons' Clinic, by Dr. Malcolm T. MacEachern, of Chicago.

SONG RECITAL AT EMPRESS TO-NIGHT

Miss Kate Hemming's Pupils Assist by Local Artists to Aid Y.W.C.A.

Miss Kate Hemming's recital which takes place this evening in the Empress ballroom will present an opportunity to lovers of music of hearing some of the most delightful song compositions of modern times, along with one or two classical items which have gloriously stood the test of time. The fashion in songs has changed noticeably in the past generation, but the numbers selected for to-night's programme represent the best examples of both periods.

Miss Marjorie Broley, the popular Victoria pianist, is kindly assisting, and will appear for the first time this season at to-night's recital. She will be heard in Macdowell's "To the Sea," Liszt's Rhapsodie No. 6, and "Prelude" by Mokrejt.

Mr. George Guy and Mr. Arthur Gore have also promised their assistance.

Among the students, Miss Iris Stratford will be heard with exceptional interest. This brilliant young soprano has only just made her debut, and was heard with delight at last week at the Royal Victoria Theatre.

Other students of unusual merit will be heard, among those taking part in the program being Messrs. H. Charlesworth and J. C. Shaw, the Misses Peggy Steine, Louise Buckley, Annie Miller and Master Douglas Hodgson. Madames J. O. Cameron and P. L. James with Miss Eric Ulin will be the accompanists.

The recital will be given in aid of the educational work of the local Y.W.C.A.

PRETTY NUPTIALS AT ST. JOHN'S

Miss Dorothy Stewart Marries Mr. Keiser of Tacoma; Will Reside There Later

A very pretty wedding took place at 2 o'clock this afternoon at St. John's Church when Dorothy, second daughter of Mr. and Mrs. J. P. Stewart, of Tacoma, son of Mr. and Mrs. Keiser, of Rose Street, Victoria, were united in marriage by the Reverend E. A. P. Chadwick, rector of St. John's. For the happy occasion the church had been decorated by friends of the bride.

The bride, who was given in marriage by her father, Mr. J. P. Stewart, looked very smart in a gown of grey georgette, trimmed with Cambric lace and wore a hat of panne velvet and lace to match.

Her only attendant, her sister, Miss Ethel Stewart, was dressed in a frock of mauve georgette and wore a chic hat in black. Both the bride and bridesmaid carried handsome wedding bouquets.

The groom was supported by Mr. Kenneth Foster, of Tacoma.

During the signing of the register, Miss Myrtle Steenson sang very delightfully, "Beloved, It is Morn." Mr. Jennings Burnett presided at the organ.

Following the marriage service a reception was held at the home of the bride's parents, which was prettily decorated with a profusion of pink and mauve asters. In the dining-room a buffet luncheon was served.

Among the many handsome gifts were a cut glass vase and a reading lamp from the staff of St. John's.

Later in the afternoon the happy couple left for Seattle where the honeymoon will be spent, following which Mr. and Mrs. Keiser will make their home in Tacoma.

VICTORIA REVIEW HOLD MEETING

Victoria Review No. 1, W.B.A. held their regular meeting last evening, with Commandant Mrs. M. Morley in the chair. Communications from Supreme were read and dealt with. Several visitors were present from Queen Alexandra Review No. 11 and Royal Review No. 18. The meeting closed at 9 o'clock and was followed by an apron social. A fine musical programme was rendered, with songs by Mrs. Panthorpe, Miss Jackson, Messrs. Panthorpe and Welsh, and violin and piano solos by the Misses Bland. Refreshments were then served and the evening was closed with dancing. Mrs. White officiating as the piano. The Review extends its thanks to all artists and committees taking part in the arrangements of this most successful meeting.

BEAUTY IN DISTRESS

Crossing the main thoroughfare in St. Helena, a pretty girl suddenly became rooted to the roadway. All the traffic in the busy street was held up while she stood helpless before a grinning crowd.

At last a young man approached her and knelt at her feet. Carefully he rescued the slender heel of one of her shoes from a groove in the tramlines in which it had become fixed.

FOR THE CHILDREN

The Sandman Story For To-night

THE QUEEN WHO WAS ALWAYS SPINNING

A True Princess Story

Once upon a time there was a lovely little Princess in a country named Switzerland. She was a very industrious little girl, and she learned to sew and to weave and to spin, just as if she had been poor and lived in a cottage, instead of being rich and living in a castle. Her name was Bertha.

So when her father and mother died, she was made Queen, everybody rejoiced. For they knew she would be a good ruler.

"Now," they said, "we shall be prosperous and happy, for we have a queen who knows how many eggs

are laid each day in her poultry houses, and surely she will remember her people."

But there were some people in her kingdom, a few of them, who worried about having a woman for ruler. "For," they said, "she can never lead us to war."

The Queen heard of these people and what they said. "But why should we fight at all?" she asked the wise men who counseled her. "With all these mountains about us, nobody can come into our country to fight us."

And then her counselors pointed out to her that there was one part of the kingdom that was unprotected by mountains, for there was a wide opening between two mountains, a pass through which an enemy could easily come.

The Queen thought long and soberly, but at last she laughed.

"Let my people fill up the pass between the mountains with a strong wall and massive towers."

So her people did as she said, and soon the pass was blocked by stone walls, wide and high, over which no enemy could come. This cost much money, and in order to pay for it, the Queen lived very frugally. And wherever she went she carried her distaff with her, so that she was always spinning.

"See," she used to say, holding up her distaff, "even the Queen can spin and save money."

And she was called Bertha, the Spinning Queen.

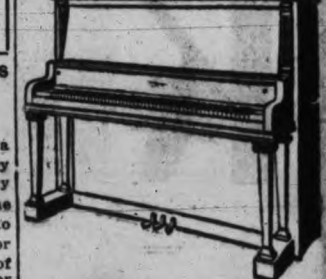

Now one day when the Queen was traveling about, she came on a poor girl tending her father's sheep. And as she watched them she spun thread from her distaff. The girl did not know that the beautiful lady who spoke to her was the Queen.

"Yes," said the girl, "we are poor, and I must always spin as I tend the sheep. But, with a Queen who spins as an example, what care I if I too must work hard."

The Queen was so pleased that she gave the girl a beautiful golden necklace, one of the few pieces of

Jewelry she had kept. And the poor girl was very happy.

Now the story spread at the Castle, when the Queen returned, of what she had done, and all her ladies in waiting were sorry they had not thought of spinning, so that the Queen would have given them a beautiful necklace. And that night when the Queen came into the room where they were awaiting her for dinner, each one of them was busily spinning. They worked so busily that they hardly had time to eat their dinner. And after dinner they began again to spin busily.

For a while the Queen watched them in silence, and then she began to laugh, for she realized why they were spinning.

"I am glad to see you all so industrious," she said, "but you must know that there are no more gold necklaces."

The ladies in waiting listened with disappointment to the Queen, but as they did not wish to have her think they were really working for a reward, they did not stop spinning. And ever after that all the ladies at Queen Bertha's court were as thrifty as she was.

SECTIONAL MEDICAL MEETINGS OF VALUE

Dr. MacEachern Shows Use
to Many Sections of
Community

Dr. M. T. MacEachern, Associate Director of the American College of Surgeons, in charge of Hospital Standardization, speaking on the sectional gathering of the American College of Surgeons, to be held here on Friday and Saturday, says:

"The American College of Surgeons accomplished a real advance in their splendid programme when they inaugurated the movement of holding meetings annually in the various sections of the United States and Canada, comprising in each group of States or Provinces. Probably the originators of this plan did not fully realize the far-reaching effects and general benefits of such a movement, as is evidenced already in the short time they have been carried on.

"These meetings are unique, particularly in one way, and that is owing to their nature, dealing, as they do, with phases of preventive and curative medicine through a well arranged two-day programme presented so as to interest all groups in the community, the public generally as well as the medical profession and the hospital people. All this has meant much for the advancement of scientific, preventive and curative medicine, as well as

hospital progress and development generally.

Health Hints
"Through these meetings, as stated, many groups are benefited. The public generally receive valuable information on health and how to keep well through simple, comprehensive addresses on such subjects as Cancer, Child Welfare, Prenatal Work, Social Diseases, and other matters pertaining to public health. They also have an opportunity of understanding more clearly the real value and sameness of curative medicine and especially the importance to the community of good hospital service, as well as being impressed with their obligations in respect to the latter.

"Through the local meetings the medical profession generally are afforded an opportunity to hear valuable addresses on scientific subjects as well as observing excellent work carried on in the clinics conducted at the leading hospitals by the College. Such an opportunity is valuable particularly to the members of the local profession who cannot frequently visit other centres to advance their knowledge.

"The meetings mean a great deal to our hospitals, not only in the assistance rendered the hospital groups in the solution of their problems generally and particularly in the standardization movement, but also in the publicity given to such work with the resulting stimulus and enthusiasm therefrom. During the two days the hospitals have the advantage of the assistance rendered by the experts present, most of which is accomplished through the afternoon hospital meeting with the round table conferences, the public meeting at night, as well as group and individual consultations throughout the period of the two days.

Dr. MacEachern will come here from a similar meeting in Portland.

Vancouver Island News

FAREWELL PARTY TO JAMES ISLAND LADY

Friends Honor Mrs. R. H. Lyons on Eve of Departure

Special to The Times
James Island, Sept. 25.—A few friends of Mrs. R. H. Lyons arranged a farewell party in her honor last Friday evening which was held in the Shand boarding house. During the evening Mr. A. J. Dakin made a presentation on behalf of the invited guests of a beautiful writing case. Supper was served at midnight to about forty guests. Afterwards music and dancing was enjoyed. Mrs. Lyons expects to leave here this week, accompanied by her two youngest sons, for New York, where they expect to remain for the next eight months.

PRIZES AWARDED AT DUNCAN HIGH SCHOOL

Supper and Dancing Follows
Pleasing Ceremony

Special to The Times
Duncan, Sept. 25.—The annual entertainment for the Duncan High School prize giving took place on Friday evening in St. John's Hall. Prizes were awarded as follows: The trustees prizes for highest standing each year: Kenneth Bradley, third year; John Morris, second year; Harry Young, first year. The Kenneth Duncan, M.P.P. prize for courtesy and good citizenship voted by the students to Douglas Tait for the second time. Custody of the Waddell stock cup for good citizenship and excellence in sports was given to John Morris. A short musical programme, a dainty supper and afterwards dancing, added to the pleasure of the evening.

HARBOR SOCCER MEN VISIT JAMES ISLAND

Special to The Times
James Island, Sept. 25.—The Fulford Harbor football team visited the island last Sunday to join in a friendly match with the local boys. The latter team won out by a score of four to three, the game being very close throughout. W. Bond was referee.

A return match will be played at Fulford Harbor on October 7. The visitors were entertained to tea by the following ladies: Mrs. Winter, Mrs. Lynch and the Misses Thomas, Rodger, Bradley and Bowker.

LOGGING OPERATIONS BRISK AT COWICHAN

Channel Company Resumes:
Merchants' Branch Store
Under Construction

Special to The Times
Lake Cowichan, Sept. 25.—The Channel Logging Company at Mile 69, on the C.N.R., have now resumed operations after being closed down for two weeks. The Lake Logging Company, who have hitherto been operating with a caterpillar tractor only, have now added a donkey engine to their equipment. They have about half a million feet of timber in the water ready for shipment and about the same amount cut in the woods.

The construction of the Cowichan Merchants' Branch Store is going ahead rapidly.

Mr. A. H. Lack, hatchery assistant, is away on his three weeks' vacation.

Mr. and Mrs. and Miss Scholey spent the week-end in Victoria.

The amount collected for the Japanese Relief Fund was \$57.39.

Six dollars was collected by the Lake Cowichan School children, making a total of \$63.39.

DUNCAN CLUB NAMES OFFICERS FOR YEAR

Successful Badminton Season
Reported at Annual Meeting

Special to The Times
Duncan, Sept. 25.—The Duncan Badminton Club held its annual general meeting on Monday evening in the Agricultural Hall, about thirty members being present. The election of officers resulted as follows: President, Colonel Sheridan Rice; vice-presidents, Miss V. Hayward and F. R. Gooding; secretary-treasurer, N. R. Craig; committee, Mrs. Craig, Mrs. Dawson-Thomas and F. Kingston; tea committee, Mrs. Elkington, Mrs. J. L. A. Gibbs and Mrs. A. Mutter.

A hearty vote of thanks was passed to Colonel Brinsley Rice, who presided over the meeting. The secretary's report was read and showed a balance in hand. The hall is engaged for the month of October and play will start on Tuesday next, October 2.

As the occupancy of the hall is undecided, nothing was done about the question of fees until the plans of the Agricultural Society are known. A resolution was passed that all members of the badminton club should be asked to join the Agricultural Society, and no new members will be admitted to the badminton club unless they are also members of the Agricultural Society.

NANAIMO WEDDING

Nanaimo, Sept. 25.—St. Paul's Church was the scene of a very pretty wedding, the Rev. S. Ryall officiating, when Miss Elizabeth Ellen Finch, eldest daughter of Mrs. Ellen Finch, Pridoux Street, became the bride of Mr. Adam Duxbury, of Bolton, England.

The bride was given away by her brother Arthur, and was very charmingly dressed in sand silk, canon crepe with a picture hat to match, and carried a big bouquet of roses. She was attended by her cousin Ada, who was attired in a fawn canon crepe dress trimmed with blue and a hat to match, and carried a beautiful bouquet of assorted flowers, and her sister, Miss Margaret Finch, who was also charmingly attired.

The groom was supported by Mr. Edward Rouding.

After the wedding ceremony the happy couple and guests retired to the home of the bride's mother, where a most excellent supper was partaken of.

The groom's gift to the bride was a beautiful string of pearls, to the two bridesmaids a brooch and an amethyst bar pin and to the best man a pair of gold cufflinks.

PROSPECTIVE BRIDE IS HONORED BY DUNCAN FRIENDS

Special to The Times
Duncan, Sept. 25.—A delightful social evening was held in St. John's Hall, Duncan, last week, arranged by Miss Baron, Miss Tombs, Miss Tait, Miss Butt and Mesdames Foster and Seeley, in honor of Miss Maud Auchinachie, whose marriage to Mr. J. Maitland will take place next month. A miscellaneous shower was placed in the supper room, and amongst many other presents were a dinner set, electric reading lamp and electric toaster, with a letter of love and appreciation signed by sixty-one of her business friends, Miss Auchinachie has been a popular and valued assistant in H. F. Prevost's store for some years, and his present to her was a handsome set of cutlery. Mr. Maitland, in a very apt speech, thanked all most warmly for their kindness, and after being by Mrs. Kyle, Miss Tombs and Mr. G. Savage dancing was indulged in. Mrs. Smith kindly providing the music.

LANGFORD WOMEN WELCOME PRESIDENT

To Resume Institute Card Parties

Langford, Sept. 25.—The Langford Women's Institute held their longford meeting at the home of the vice-president, Mrs. O'Neill, at the Old Hudson's Bay farm on the island Highway, on Tuesday afternoon.

The members welcomed back their president, Madame Beauchemin, who had been away for some weeks on a trip. The members decided to recommence their fortnightly card parties, the first of the season to take place at the home of Mademoiselle du Plaisir on Wednesday next, October 3, at which all will be welcome. It was decided also to place the institute piano in the home of one of the members for the winter months, from whence it may be moved when required for social purposes at the hall or elsewhere. By doing so it is claimed that the piano will be kept in better condition and will not suffer from damp.

The programme for the afternoon included "suggestions for Christmas gifts" and a variety of ideas with many useful suggestions and demonstrations were given by the members. It was also decided, on motion, to send the thanks of the institute to the individual judges who acted in their interests at the fête and gala held recently under their auspices. The afternoon was brought to a close with a pleasant half hour over the tea cups.

W. T. Dixon has purchased the interests of his late partner, A. N. Brown, in the Bryn Mawr Farm at

Langford, and will carry on the poultry business under his own name.

Capt. W. J. and Mrs. McDonnell, late of Cobble Hill, have taken up their residence at "Mabville" on the Millstream Road, Langford.

Mrs. W. C. Bell is the guest of Mr. and Mrs. L. G. Wilkinson.

Cecil Cherry, of Aitkens Road, Langford, has left for St. John's College, to resume his studies after an enjoyable vacation spent part time at his home and part with his sister at Edmonton. Mr. Cherry reports a great revival of church work on the prairies this summer.

TO MAKE ADDITION TO COLWOOD SCHOOL

Special to The Times
Colwood, Sept. 25.—The result of the meeting held at Colwood Schoolhouse last week for the purpose of electing a trustee and looking into the plans for the building of an addition to the schoolhouse, was the re-election of J. N. Robinson as trustee, and the granting of power to the board to raise the money to build a two-room addition to the schoolhouse this year. While not more than one extra room is required at present, there is every possibility of a big influx of residents next year.

JAMES ISLAND NEWS

Special to The Times
James Island, Sept. 25.—H. Kirby, who has been visiting his sister, Mrs. H. Rowbottom, for some time, left here last Sunday for Colwood, where he has obtained a position at a farm. Mrs. F. Sherwood, of Nanossee Bay, is spending a week's holiday with Mr. and Mrs. W. Rivers.

Mrs. H. Rowbottom, Sr., who has been visiting her son here for several months, left last week for Seattle, on a visit to her daughter.

HUNDREDS OF THOUSAND TONS OF RICE IS SENT BY VAPOR

Yokohama and Tokio Have More Than Enough Relief Supplies

Captain Suruga Tells of Re-building of Devastated Area

When the Osaka Shosen Kaisha liner Hawaii Maru docked here last night she brought no refugees from the devastated area of Japan, but Capt. T. Suruga, who was in command, brought some of the most encouraging information from Japan that has been brought over by any of the Oriental liners since the disaster.

Captain Suruga told of how Yokohama and Tokyo were preparing for the rebuilding of the cities.

He stated that, in order that the people and the cities might have every opportunity to rebuild with the least possible difficulties an Imperial Ordinance had been promulgated to remit all income and business tax, to restore Tokyo as the capital, and to make peace in the public mind at this time of catastrophe. The captain also stated that after restoration of order in Yokohama, traders were busily engaged in the re-establishment of the silk market.

In speaking of the damage done the captain stated that 117 primary schools in Tokyo were burnt down, consequently 148,114 students lost their study, but most of them were removed to the schools in suburbs of the city or their own native province, and the rest started their lessons in barracks. Burnt down bridges were almost rebuilt by the army engineers, Capt. Suruga said. He also went on to say that 16,000 people in Tokyo were estimated dead, while 120,000 were missing.

Plenty of Relief

Capt. Suruga was very praise-worthy in his comment on the manner in which the relief came to the assistance of distressed Japan. "When I left Japan there was 100,000 tons of rice at Yokohama and Tokyo alone. In addition to this there was 15,000 tons of relief articles besides clothes from the United States. The actions of the Canadian vessels at Yokohama and Tokyo were also highly praised by the captain.

Ship's Cargo

Cargo for Victoria amounted to 200 tons, while Seattle will get 200 tons. Tacoma cargo consisted of 1,318 tons, including 700 tons of wood and 618 tons of other goods. There were only four steamer passengers for Victoria, nine for Seattle and fourteen for Tacoma for the Sound city. The mail consignments totaled nineteen bags of mail for Victoria, including four bags for the aircraft, and ten for Seattle and fifteen for Tacoma.

The Hawaii Maru had an uneventful but unpleasant trip as the weather was miserable and the sea was rough. She left Kobe on September 11, making the trip in sixteen days from the Orient.

VESSEL MOVEMENTS

Tacoma, Sept. 25.—Arrived: Commercial Pathfinder, Edgar Luckenbach, New York; Silverado, San Francisco; Alameda, Ketchikan; Griffidu, Seattle. Sailed: Orduin, Seattle; Quinalt, San Pedro; Admiral Dewey, San Francisco; Griffidu, San Pedro.

Seattle, Sept. 25.—Arrived: Los Angeles, Port San Luis; Montana, Portland; Queen of the North, Alaska; Latouche, Western Alaska; Bearport, H. F. Alexander, San Francisco. Sailed: Willows, La Touche, Commercial Spirit, Tacoma; Nome City, San Francisco; Neponset, Bellingham; Libby, Maine, Taku.

Bellingham, Sept. 25.—Arrived: Margaret Coughlan, Vancouver; West Henshaw, Seattle.

Portland, Sept. 25.—Arrived: Horaisan Maru, Kobe; Tibeser, Rotterdam; La Purissima, Port San Luis; Annetta, Bellingham; Santa Clara, Bragg, San Francisco. Sailed: Sierra, San Pedro; Horaisan Maru, Yokohama.

San Francisco, Sept. 25.—Arrived: Mexican, Everett; Matsonia, Honolulu. Sailed: Acme, Bandon; William H. Doherty, Honolulu.

New York, Sept. 25.—Arrived: S. B. Hunt, San Francisco; St. Lawrence, Bergen; Olympia, Southampton; Pittsburg, Bremen.

New York, Sept. 25.—Sailed: Charles Pratt, Los Angeles; Berengaria, Southampton; Frederick VIII, Copenhagen.

Southern, Sept. 24.—Sailed: Andania, Montreal.

Ticket Collector (at entrance to fete): "Excuse me, what do you mean by this half-price ticket? It's only for children to have half-price tickets."

Jew: "Well, I'm not one of the Children of Israel!"

Saved My Life, Says Mrs. Mae B. Leffering

"I really feel that I would not be here to-day to tell about it had I not taken Tanlac when I did, for it was the only thing among the many I resorted to for relief that got me over my troubles," is the emphatic statement of Mrs. Mae B. Leffering, 874 Georgia Street N., Vancouver, B.C.

"About three months ago I was suddenly attacked by indigestion, and almost went to bed in the night, and my appetite was gone, and I was down and out, and I was in a state of mind that I could hardly turn over in bed.

"I took bottles of Tanlac made me feel like a new woman, for all my pains have gone and indigestion with them, while I have gained ten pounds in weight. I shall always be grateful to Tanlac."

"Tanlac is for sale by all good druggists. Accept no substitute. Over 37,000,000 bottles sold."

"Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere."

E. W. Beatty, president of the Canadian Pacific Railway, states that the company's directors propose to proceed with the completion of the new pier in Vancouver in order to cope with the steady development of Canada's Oriental trade. Work has been postponed on this pier for some time as a result of a period of high cost of construction, but the development in the company's business has now made that more than ever necessary. The pier will be of modern concrete construction and eleven hundred feet in length. It will accommodate the largest type of steamers afloat.

F. ALEXANDER BEING TAKEN OFF RICE FOR OVERHAUL

Will Not Operate in Service For Five Months; Comes Off Run Next Trip

Admiral Line Ships Are Being Reconditioned During Layovers

In order to undergo overhauling, the H. F. Alexander, of the Pacific Steamship Company, will be taken off the coastwise run when she returns to Seattle from San Francisco next trip.

William Allan, local agent, states that the vessel will not be in the service again this year and another month is also made of the reconditioning of other steamers of the company's fleet.

The H. F. Alexander, which arrived in Seattle from San Francisco one day behind her schedule last night, will leave for the Golden Gate at 4 o'clock this afternoon and on her return to Seattle from the south will be taken out for overhaul. She is in need of a thorough overhauling and requires minor repairs. She will be drydocked and placed in condition for the 1924 season. It is not known definitely at this time when she will be returned to service, but in all probability it will be with the sailing from Seattle on the first Tuesday in March, 1924.

Berthing Improvements

The work of improving the berthing arrangements on the steamships Ruth Alexander and Dorothy Alexander is progressing rapidly, some changes being effected during each layover in Seattle. When completed the changes will give uniform berthing arrangement on all of the major ships and the many minor improvements such as the rearrangement of the staterooms, etc., have been undoubtedly appeal to those traveling on these steamers.

On the Ruth Alexander all staterooms on D deck have been reconditioned. The wall fixtures, such as electric lights, telephones, coat hangers, glass racks, etc., have been replaced.

Motor Princess Will be Laid up This Winter

The Canadian Pacific ferry Motor Princess, which has been operating between Victoria and Bellingham during the tourist season, bringing thousands of tourists here, will be taken off the run at the end of the month. Information given out by the B.C. Coast Steamship offices this morning stated that the ferry boat would be taken from the run on September 28, and would be laid up for the winter season.

Trans-Pacific schedules of the T.K.K. have been altered owing to delay occasioned by the relief work in which their vessels are being used in Japanese ports. The Korea Maru is due to arrive from the Orient on November 13 and will sail on the regular voyage November 22. The Shinyo Maru is due here October 2 and sails October 10, the Siberia Maru is due here October 14 and leaves October 22, and the Taiyo Maru is scheduled to arrive here November 3 and will sail November 10. The steamer Tanyo Maru will continue on her regular schedule.

Seattle, September 26.—The Admiral Oriental Line, agent here for the Blue Star Line, anticipates a heavy demand for space for apples in the five big refrigerated ships of the service. Statistics received in the office of the line indicate that the United Kingdom will cause a heavy demand for fruit from Canada and the United States.

relocated so as to be more convenient. Practically all of the rooms have been provided with new electrical fittings.

SHIDZUOKA MARU LEFT NAGOYA AS DEPARTURE POINT

Sailed on September 18 Dropping Yokohama From Itinerary

With twenty-one of the company's vessels placed in the relief work at Yokohama, the Nippon Yusen Kaisha has had very little opportunity of rearranging its trans-Pacific sailing schedule, but they have managed to dispatch one vessel in order to maintain the schedule.

It was announced this morning by W. R. Dale, local agent for the N.Y.K., that the Shidzuoka Maru had left Nagoya on September 18 and would arrive here about October 7.

The Shidzuoka was one of the vessels to be pressed into the relief work. Loading at Kobe the vessel carried a cargo of 1,000 tons of the Yokohama cargo was loaded. In order to make Victoria on scheduled time she had dropped the Yokohama call and will arrive here October 7, which is the date set for her arrival on the schedule.

She has about 100 tons of cargo and passenger list has not yet been received.

The N.Y.K. took a prominent part in the relief work following the disaster. Immediately news of the earthquake reached at Kobe twenty-one ships were dispatched with supplies and men to help in the rescue work.

Secretary of the Navy Denby, Rear Admiral W. A. Moffett, Chief of the Bureau of Aeronautics, in the Navy Department, and several flying officers, were particularly impressed with the performance of the new flying boat when they made a flight in it a few days ago, said Mr. Zimmermann. "Due to the light weight of the metal hull and improved wing surfaces, the flying boat can carry thirteen persons including pilot and mechanic. While it can be built at less expense than non-metal types, its usefulness is at least fifty per cent. of its total weight in useful load, cargo or passengers. Actually the machine has carried 4,445 pounds though it weighs only 6,000 pounds.

"Its maximum speed is more than 104 miles an hour. It can climb to a height of 14,000 feet. It can make three round trip flights between New York and Atlantic City without refueling; it will carry seven passengers for seven hours without stopping, or nine passengers for five hours. The machine is of the biplane type, the wings measuring 65 feet from tip to tip. The length of the hull is 35 feet 9 inches. The height is 13 feet 6 inches.

"It is powered with one Liberty engine turning a two-bladed propeller. While the entire design was in no way influenced by government specifications, being built for a practical purpose, it is a factor of safety meeting all government requirements and more. Its performance equals or surpasses that of most land machines. The hull is only one sixteenth of an inch thick on the bottom and 4-100 inch thick on the sides.

"The wings are similar to the airfoils of recent Aeromarine design which are being placed on the Air Mail Night Flying Planes being built by the Aeromarine Company."

Mr. Zimmermann outlined some of the characteristics of the new flying boat due to the all-metal hull construction. It has seven watertight compartments in the hull. While it will dent if it strikes an obstacle it will require considerable force to cause leakage. No gasoline is carried in the hull except on long distance cruises. The weight of the machine is never increased by water soaks, a difficult problem to overcome with wooden hulls. Because of its light weight the machine can leave the water within 25 seconds after the start is made.

Princess Louise to Make Special Trip to Seattle

C. P. R. and party will be visitors to Seattle to-morrow. The Princess Louise will leave late to-night with the party, the boat being scheduled to arrive in Seattle at 9:30 a.m. to-morrow. Following a short visit to the Sound city the party will proceed to Tacoma and then return to Vancouver on the Louise.

According to advices received by W. Allan, manager for the local office of the Admiral-Oriental line, the vessel altogether, and included in this number are fifty-nine refugees from the Yokohama-Tokyo district. Advice received from the ship's command, Captain M. M. Jensen, gives out this information.

The President Grant was at Hong-kong when the earthquake and fire devastated the two cities and neighboring communities. The Grant was immediately rushed to Japan with relief supplies from China.

Canada's Export Trade Increasing

Ottawa, Ont., Sept. 26 (Associated Press).—The United States is Canada's best customer. Exports of goods from the Dominion across the international boundary reached a value of \$394,245,115 in the twelve months ended July 1, an increase of nearly \$100,000,000 over the previous year, according to a report issued by the department of trade and commerce.

Canada's imports from the United States during the twelve month period, it is shown, registered an increase of \$43,215,000, or 17 per cent. over the previous year.

A party of young people were amusing themselves by guessing the answers to conundrums.

One of them asked: "Why is a penny like the sun?"

"Because it rises in the east and sets behind the vest," was the answer given by a brilliant young Hebrew.

There are two hundred and seventy-five passengers aboard the vessel altogether, and included in this number are fifty-nine refugees from the Yokohama-Tokyo district. Advice received from the ship's command, Captain M. M. Jensen, gives out this information.

PICTURES OF ACTUAL QUAKE ON HAWAII MARU

Eight Thousand Feet of Film Depicts Buildings Falling and Devastated Area

The film, which belongs to the Oriental Film Company, depicts actual scenes of the earthquake during the disaster. They show the buildings falling and the city in a devastated state, the manner in which the people have made temporary homes and the havoc caused.

The film was taken on to Seattle last night by the Hawaii Maru and will be given its first showing in the Liberty Theatre in the Sound city.

The film depicts scenes in and around Victoria, and which was sent to the Orient by the local N. Y. K. office to be shown on the screen in Japan and China to advertise the Pacific northwest, is thought to be totally destroyed. The N. Y. K. office in Tokyo and Yokohama, however, have not, and although the staff is safe the equipment and contents of the office are buried under debris. This film was intended to be great and beautiful scenes of Victoria and vicinity, including the Butchart gardens, the Malahat drive and many other beauty spots. Arrangements have been made to have them shown in all the leading theatres in Japan.

There are two hundred and seventy-five passengers aboard the vessel altogether, and included in this number are fifty-nine refugees from the Yokohama-Tokyo district. Advice received from the ship's command, Captain M. M. Jensen, gives out this information.

EXPECTS REPORT ON AMUSEMENT CENTRE SCHEME SHORTLY

(Continued from page 1)

In response to a general question with regard to the financial situation, in the light of the new Federal loan, Mr. Beatty remarked that the success of the new national loan did not surprise those who have been closely in touch with general financial conditions. He gave no other indication that there is really no foundation for the despondency which appears to prevail in some quarters. On arriving in the situation certainly does not justify a policy of extravagance or light-hearted expenditure of public or private money.

It is obvious that any improvement in the purchasing power of the prairie communities will mean a better market for the products of British Columbia, in the way of fish, fruit and lumber.

The President has just returned from a tour of inspection over the coast route as far North as Skagway and Carcross, Yukon. He is accompanied by D. C. Coleman, vice-president in charge of Western lines and the following directors: Sir Herbert Holt, F. W. Molson and Commander J. K. L. Ross of Montreal, Sir Augustus Nanton of Winnipeg, and W. N. Tilley, K.C., of Toronto.

The party also includes J. Harry Smith, of the C.P.R. Press Bureau, Montreal, and the secretaries of the executive officers.

They have used the steamer Princess Louise in order to visit various coast ports, and will leave on board the B.C. coast steamship service, met the party in Vancouver on September 16, and accompanied the directors North. They have a wonderful reception particularly at Prince Rupert. Several of the directors had not previously been North, and they were delighted with the trip. The steamer was excellent, and they were able to see the coast under most congenial conditions.

Princess River, Ocean Falls, Ketchikan, Juneau, and Skagway were visited. At Prince Rupert among the residents who met Mr. Beatty was Col. S. P. McMordie, who went to

Toronto University and played soccer on the same team as the then future president of the Canadian Pacific Railway.

Before coming here the president made an important policy statement at Vancouver last evening at the Vancouver Board of Trade dinner.

Accompanying are brief sketches of the five directors who have accompanied Mr. Beatty, and Mr. Coleman to the coast:

Sir Herbert S. Holt

Sir Herbert Samuel Holt's acquaintance with Western Canada is of long standing. Early in his Canadian career the president of the Royal Bank became associated with James Ross, Sir William Mackenzie, and Sir D. D. Mann in a company which built the mountain section of the Canadian Pacific Railway and which later on built the company's line from Montreal to St. John N.B.

Sir Herbert was born in Dublin, Ireland, in 1858 and came to Canada after famous Trinity College and a thorough training for the profession of civil engineer had equipped him to take a worthy part in the heroic pioneering work. For a time he was engineer and superintendent of construction of the prairie and mountain division of the Canadian Pacific. When the road was built he returned to Montreal and reorganized the Montreal Gas Company. The advent of electric power presented great opportunities to his far-seeing mind, and the tremendous development of his place in this direction, particularly in Quebec Province has very largely been due to his organizing ability. Sir Herbert is connected as director with a large number of industrial and financial companies beside the Canadian Pacific Railway. These include the Royal Bank of Canada, Dominion Textile Company Ltd., Ogilvie Flour Mills Co. Ltd., Sun Life Insurance, and several important power, paper and other concerns.

Sir Herbert stands as a great constructive Canadian citizen is not to be measured by his public appearances or oratorical efforts. He has always been known as a quiet, unassuming, and genial in character but of tremendous power of concentration bringing to his work a keen analytical mind and quiet courage which has won him the entire confidence of those who have had the privilege of working with him.

Sir Augustus Nanton

As a partner in the firm of Osler, Hammond and Nanton, Winnipeg, Sir Augustus Nanton, K.B., is a national figure in the world of finance, and his Canadian interests are of continental wide.

Sir Augustus Nanton, who bears the name of his late father, a prominent barrister of Toronto, was born in Toronto in 1854. He was educated at the Toronto Model School, and upon his graduation entered the brokerage firm established by E. B. Osler as partner, in 1884.

Later in the same year he went to Winnipeg to establish a branch of the business, and remaining there he soon became one of the city's leading citizens.

In 1898 he became president of the Winnipeg Board of Trade, and he was later appointed president of the Winnipeg Stock Exchange.

Sir Augustus Nanton holds the very important and influential position of director and chairman of the Canadian Commercial Bank, the Standard Bank Company. He has been president of the Manitoba Carriage Company, and director of the Winnipeg Street Railway, Dominion Bank, Life Assurance Company of Scotland, the Bell Telephone Company, the Montreal Trust Company, the Dominion Trust Company, the Standard Cottons Limited, and many smaller though important successful corporations.

**TO START WOOLEN
FIRM OPERATING
AFTER SHUT DOWN**

The Canada Western Woollen Com-
pany of Vancouver, which has been
taken over by the British Columbia
Department of Industries, will be re-
sold and put into operation again
immediately, it was announced at the
Department to-day. Arrangements
for reselling the plant and getting it
into operation again are being made
now.

READY TO START
Announcement is made that the
foundation stone of the new Synod
Memorial Hall, Vancouver and Court-
ney Streets, will be laid on Thursday,
September 27, at 2:30 o'clock. Reports of de-
legates to the convention will be
given.

EVENTS TO COME

A meeting of the West End
W.C.T.U. will be held in the Wesley
Church Hall on Thursday, September
27, at 2:30 o'clock. Reports of de-
legates to the convention will be
given.

The harvest festival at St. Michael
and All Angels, Royal Oak, will be held
on Sunday next, September 30. There
will be a celebration of the Holy
Communion on Saturday (St. Michael
and All Angels' day) at 10:30 a.m.
Gifts of fruit and flowers will be
gratefully received. They should be
sent to the church on Friday or Sat-
urday afternoon.

**for Rejuvenating
the Complexion**

There is nothing more beautiful than
the beauty of perfect health—and no surer
or less expensive way to its attainment than by the
daily use of ENO'S "Fruit Salt." It purifies the
blood, regulates the digestive functions, and
cleanses the system with gentle yet persistent
thoroughness, verily making out of undesirable
waste matter which goes to make a "bad
complexion." Ask your druggist for a bottle of

**ENO'S

**COUNSEL SUES
FORMER CLIENT****Collins Will Litigation Re-
called in County Court
Suit To-day**

A suit of a somewhat unusual
nature opened before His Honor
Judge Lampman in the County Court
this morning when the law firm of
Messrs. D. S. Tait and W. P. Mar-
chant commenced action for the re-
covery of a claim for \$150 alleged to
be due for professional services
rendered to the defendant, their erst-
while client, Mrs. Emma Hood. The
subject matter of the suit recalls the
Collins will case, recently before local
courts, in which the defendant, Mrs.
Emma Hood, was unsuccessful.

Prior to the trial of the Collins
suit, it was stated in court to-day,
J. S. Brandon had been briefed to
act for Mrs. Hood. An arrangement
existed between that counsel and the
defendant in this action to take her
case "on a percentage basis."

Mr. Brandon referred the brief to
Messrs. Tait and Marchant. D. S.
Tait took up the case, it was asserted
to-day.

In the witness-box to-day Mr. Tait
declared that he had advised Mrs.
Hood that she had embarked on a risky
litigation with small chance of suc-
cess and had asked for \$150 in view
of greater labor devolving on the
shoulder of counsel by reason of
unlooked for circumstances. The
present suit arises over a dispute as to
the agreement made to that effect.

The defendant denies the agreement
which the plaintiff asserts was made.
The present case dates back to the
Collins will case, when Mrs. Hood
sought to upset the will of the late
Mrs. Elizabeth Collins, who died pos-
sessed of considerable property, on
the grounds of alleged undue in-
fluence being exerted on the mind of
the testator. Mrs. Hood was un-
successful in the Collins suit and was
ordered to pay the costs of both sides.
The costs of the other side have been
paid it was asserted to-day.

It is for recovery of the cost of
professional services in that suit that
the plaintiffs commenced action in
the present litigation, which takes on
the nature of a suit by counsel
against a client. The hearing con-
tinues.

NEWS IN BRIEF

There will be a meeting of the Vic-
toria-Seas and Parks
Committee at the City Hall to-mor-
row afternoon.

Mayor Hayward has been invited
to participate with Lieut.-Governor
Nichol in the inaugural meeting of
the League of Nations Society on
October 4, at which it is intended to
form a branch in this district. Sir
George Foster will return from Cal-
ifornia to speak at the meeting.

Infractions of motor regulations
yielded but \$15 to the city coffers to-
day, when three owners were fined
in the City Police Court. Messrs. W.
M. Thomas, R. Dunn, and the Oil-
phant Timber Company, contributed
\$5 each. In the case of Mr. Thomas
the charge, it was stated, had been
brought in the wrong name, and that
accused was not personally to blame.

The Elks Amateur Swimming Club
will hold the first of a series of
monthly dances on Wednesday next,
October 3, in the Elks' Hall, Welles-
ley Street. The dances will be given
by the club and refreshments will be
served. Some interesting novelties will be
a feature of the evening and dress will
be strictly informal. Members of
the club and their friends are in-
vited to come to the dance and have
a jolly time.

Quebec, Sept. 26.—Charles S. Bow-
dich, of New Jersey, was instantly
killed and his wife, died a few min-
utes later after their automobile
crashed through a bridge over the
Deschambault River on the Quebec-
Montreal highway near here yester-
day.

**LONDON OPENS WAR ON
BOOTLEG CIGARETTES**

London, Ont., Sept. 26.—War was
officially declared on bootleg ciga-
rettes in London yesterday when Mag-
istrate Gridon imposed a record fine
of \$250 on Julius Siskind for having
in his possession three cartons con-
taining a total of 36,000 American
"tags."

**CHEQUE FORGER
SOUGHT BY POLICE****Daring Operator on Prairies
Thought to be Headed This
Way**

Alarm was sent out from police
headquarters to-day about a worth-
less cheque "artist" who has been
victimizing merchants of Western
Canada for the last several months.
He is described by the detective de-
partment as an operator of unusual
daring.

Warning as to the man's activities
reached Victoria police in a message
to-day from Chief Newton of the
Winnipeg police. The alleged forger
is supposed to be heading this way.
Police in the East are keen to locate
him.

He is described as twenty-five
years of age, of full faced appearance,
clean shaven, swarthy complexion,
chunky build, slightly stooped
shoulders. He has been wearing a
grey suit, with a white shirt and
pockets. It is thought he is of Italian
origin. He speaks English with a
slightly foreign accent.

His method of doing business has
been to tender a large denomination
cheque for a relatively small pur-
chase, the Winnipeg police explain.

George Stoddard, eighty-six-year-
old merchant of this city, sustained
injuries which necessitated his re-
moval to his home. First aid was
rendered in a nearby drug store by
Constable George Varney of the city
police, and the sufferer later taken
to his residence, where Dr. D. B.
Holden attended. Mr. Stoddard's
condition showed a slight improve-
ment to-day.

**AGED MERCHANT
STRUCK BY CAR****Condition of George Stoddard
Shows Slight Improve-
ment To-day**

Struck by an Oak Bay street car
yesterday while on Government
Street intersection about 5 p.m.,
George Stoddard, eighty-six-year-
old merchant of this city, sustained
injuries which necessitated his re-
moval to his home. First aid was
rendered in a nearby drug store by
Constable George Varney of the city
police, and the sufferer later taken
to his residence, where Dr. D. B.
Holden attended. Mr. Stoddard's
condition showed a slight improve-
ment to-day, it was stated by his
medical advisers. Four ribs were
fractured by the impact of the street car,
shock resulting from the accident is
one of the factors feared in the con-
dition of the aged man.

**GUN CARRIER
GIVEN LIBERTY****American Had Weapon to
Protect Money Carried**

Taken in the liquor raid by Royal
Canadian Mounted Police and cus-
tomers officers at Smugglers' Cove,
near Chatham Island, on June 4 last,
C. W. McKerr, a young business man
of Anacortes sought clemency in the
county court to-day when he appealed
successfully for a commutation of a
two months' prison term into a fine.
The accused was sentenced to a
jail term on charge of being an
alien and in possession of a loaded
revolver on his person. At the trial
before Magistrate J. G. Kerry, the
court the full circumstances of the
arrest were not brought, it was ar-
gued by Frank Higgins, K.C., for the
accused to-day. The accused, in
fact, was a purchasing agent for the
Sanitary Fish Company, of Anacortes,
and in that capacity was accus-
tomed to carrying from between \$25,
000 to \$4,000 on his person.

The revolver was carried by him at
all times to safeguard the money, it
was argued.
Evidence to support this contention
was given by Messrs. Glenn H.
Williams and Lee B. Carr, prom-
inent fish merchants of Anacortes.
In view of these facts, held Mr. Hig-
gins, the accused sought a fine in-
stead of a jail term.

H. A. Maclean, K.C., for the Crown,
consented to the commutation of
sentence to a fine of \$100 and \$50
costs, with the prior conviction of
the offending weapon. The accused,
admitted the Crown, may have been
ignorant of Canadian law on the sub-
ject. The practice of carrying fire-
arms was dangerous, but this was a
special case, and the Crown was dis-
posed to be lenient in this regard.
His Honor Judge Lampman re-
sisted in making the order sought. A
free man, Mr. McKerr walked from
the court room, after thanking the
court.

**WOMEN WRITERS
TO VISIT VICTORIA****Receive Invitation From Vic-
toria Canadian Club****Will Tighten the Conditions
Governing Membership**

Vancouver, Sept. 26.—Con-
sideration of amendments to the
constitution took up the time of
the morning session of the Cana-
dian Women's Press Club meet-
ing here. Mrs. M. Green Ellis,
vice-president for Alberta and
Saskatchewan, presided.

An invitation was received from
the Victoria Women's Canadian Club,
to a reception and tea in that city on
Friday afternoon, when Mrs. Judge
Murphy of Edmonton, will speak.
Tightening up of the conditions
governing admission to membership
in the C.W.P.C. with a view to ele-
vating the status of writers in its
ranks was the motive underlying
amendments to the constitution
passed by the club this morning.

The resolutions committee brought
in their additional report through
Miss Evelyn Murphy.
An expression of sympathy to
Mrs. W. H. Harding in the
loss of her distinguished husband,
formerly a newspaperman, will be
sent from the triennial gathering.

**FUNERAL TO-DAY
OF H. S. CROTTY****Was Well-Known Winnipeg
Business Man; Resided
Here 17 Years**

The funeral took place this morn-
ing of Henry Samuel Crotty, well-
known real estate agent of Winnipeg,
who for the past seventeen years has
made his home in Victoria. The ser-
vice was conducted from the Sands
Funeral Chapel at Christ Church Ca-
thedral, where Dean Quinlan officiated.
The hymn selected was
"Peace, Perfect Peace," and a large
gathering of friends participated in
the obsequies. Many beautiful floral
tributes covered the casket.

The bearers were C. G. Pemberton,
A. B. Walsh, E. E. Wootton, H. O.
Litchfield, W. O. Crockett and F. C.
Nixon.

Mr. Crotty was born at Ingersoll,
Ontario, January 12, 1842, and for
twenty-five years was a leading fig-
ure in the business life of Winnipeg,
where he has an enviable reputation
for vigorous, efficient business meth-
ods. The result was shown in his
active membership in the Board of
Trade and his election to the vice-
presidency of the Winnipeg Real Es-
tate Board.

He was past chief ranger of the
Manitoba L.O.G.F. and held other
fraternal offices.

His work for the Anglican Church
in General Synod, representing the
first diocese of Rupert's Land, and
later as representative of the diocese
of Columbia, was of great value.

He held many other posts in that
church with dignity, and his sagacious
judgment was greatly appreciated.

When he first came here he re-
sided on Burdett Avenue, moving to
Craigdarroch, but had recently made
his home with his daughter, Mrs. E.
Crotty, now of Santa Monica, California,
as well as a brother, J. G. Crotty, of Portland,
are also bereaved by his death.

**"LAST POST" SOUNDS
FOR CAPTAIN BEAVER**

With full military honors the
funeral took place yesterday of
Captain Hugh Attwood Beaver, R.A.
M.C., who passed away on Friday
after illness consequent on his
heroic war service. Dean C. S.
Quinlan officiated at Christ Church
Cathedral at 2 o'clock, in the pres-
ence of a large gathering of sor-
rowing friends and relatives, some
having come from the Cowichan dis-
trict to pay their final tribute to the
deceased veteran. The body was
borne to the church, and thence to
Ross Bay Cemetery, on a gun carriage,
the casket being covered with the
Union Jack. The motor which
followed was hidden under the
heaped floral tributes which were
very beautiful. A military escort
preceded the cortege, and three
volleys were fired over the
grave and the bugler sounded the
"Last Post."

The honorary pallbearers were Dr.
Hermann M. Robertson, M. W.
Thomas, J. N. Taylor, D. M. Ballie,
Thomas McPherson and C. Wack, and
the active bearers were Major
Charles H. Ward, Captain
Wood, Captain Underwood, Lieuten-
ant Wright and Lieutenant Joyce.

**IS RICHEST CITY
IN WATERPOWER****Vancouver Hydro-Electric
Adviser Submits Report****Recommends Government
Prohibit Export of Power in
Future Leases**

Vancouver, Sept. 26.—"No
city in Canada is more richly
endowed with waterpower re-
sources than Vancouver. A total
of more than 5,000,000 horse
power can be obtained from the
rivers near this city." This is
the verdict of J. G. Kerry, the
city's hydro-electric adviser,
after spending the Summer mak-
ing an exhaustive survey of the
waterpower possibilities of eight
sites and securing information re-
garding eight others. He reports
that power can be developed on the
Cheakamus River and delivered in
Vancouver at a less cost per horse-
power year than either Toronto or
Winnipeg are now paying for similar
supply.

Million Horsepower
Diversion of the headwaters of the
Green River into the Cheakamus
would justify the installation of ma-
chinery to give a peak load of about
1,000,000 horsepower, he states. Long
before the supply is exhausted the
city should be in a good position to
undertake the development of the
even greater water powers of the
Fraser River.

One of the most important recom-
mendations as a result of Mr. Kerry's
investigation is that as the needs of
the city, with within the lifetime of
the present generation absorb all
available hydro-electric energy near
Vancouver, that the Provincial Gov-
ernment make provision in all future
waterpower leases prohibiting the
export of power generated within
reasonable transmission distance of
Vancouver to the United States.

**DEMOCRATIC LEADERS
PROCLAIM VICTORY
IN SPOKANE FIGHT**

Spokane, Sept. 26.—With eighty-
six precincts out of a total of 509 un-
reported early this morning Demo-
cratic leaders were proclaiming a
victory for their candidate, Judge
Sam R. Hill, over State Senator
Charles E. Myers, Republican, by a
plurality of 553 votes. This is the
first special congressional election
since Coolidge became President.

**TIMBER ROYALTIES
SCALE MAY BE CUT**

Legislation revising the present
scale of timber royalties in British
Columbia was introduced at the
Fall session of the British Columbia
Legislature, it was stated at the
Lands Department here to-day. Of-
ficials of the department are busy

**CLEARANCE of

BASEBALL CRICKET TIMES SPORTING NEWS GOLFING SWIMMING

Fans Anxious to See the Veterans Squad in Action

Soldiers' Eleven Will Make Debut—Saturday; Three Soccer Games Arranged

With three football games scheduled for Saturday the soccer-fans will be able to divide their attention, but it is more than likely that the bulk of them will be out to give the Veterans the once over. The other two games will draw their quota, but the soldier eleven has been so much talked of that it is only natural the followers of the game will want to see if they will live up to advance notices.

The Veterans have the support of all the ex-service organizations in this city, and have made every effort to put a first-class team in the field. It is understood that Gordon Leeming, last year with the Wests, will play goal, with Burton and Rickinson, formerly of the Thistles, at full-back. "Cotton" Brynolfson, Chris Owen and Johnny Roe are reported as certain for the half-back line so that the defence should be pretty sound. The forwards have not yet been determined although "Spud" Merfield and Clarkson, both of the Wests, have transferred their allegiance to the soldiers.

Will Meet the Navy

The Veterans will make their first appearance of the season on Saturday. Last week they held a bye. They are drawn to meet the Navy, which last Saturday bowed before the Sons of England. This game will be played at Beacon Hill with E. Lock as referee.

The other first division game will be staged at the Royal Athletic Park with the Wests, last year's champions, playing the Sons of England, present leaders in the division. The Wests have lost several of their last year's stars, but are building up with a number of youngsters, and hope to make a good showing. The Sons of England have a very smart team, and are confident that they will be able to trim the greenshirts. The Sons were the only team last year able to defeat the Wests.

Second Division Game

Three teams have entered in the second division, but one of them will have to stand down on Saturday. The Princess Pats and Esquimaux are drawn to play the opener in this division, and they will meet at Work Point with Fred Oliver handling the whistle. The Moose have entered a team, and hold a bye for this Saturday. It is hoped that a fourth team will enter before next Tuesday.

Both first division games will start at 3 o'clock, while the second division fixture will get under way at 3:30 o'clock.

The Victoria and District Football Association held a meeting last night, but outside of making the draw for Saturday's games transacted little business.

The Junior Football Association was duly organized last night, and the following officers elected: President, J. Sullivan; secretary, J. C. Dowds; committee, J. Collier, J. Mesher and E. Ewing.

Entries must be in by next Tuesday at 7 p.m. and must be accompanied by an affiliation fee of \$2, and entrance fee of \$1, for each club. Clubs represented last night were Oaklands, Saanich, Thistles and High School. It is expected that the Wests will enter and make a four-team league.

The local governing board of the R.C.F.A. will hold a general meeting next Tuesday evening at 7:30 o'clock, in the Veterans of France rooms. Delegates from all clubs are asked to be present.

CLAIMANT IS BEATEN

Los Angeles, Sept. 26.—Henry Melcar, who claimed the middleweight championship of the Pacific Coast, met defeat at the hands of Bert Collins, Pat Whittier, Cal., in the main event at Vernon Arena last night. In the semi-final bout Jim Tracy, claimant to the Australian heavyweight championship, outpointed Rocco Stramaglia.

The superintendent of the Sunday school was bubbling over with enthusiasm at the regular attendance of his pupils.

"Dear children," he announced, "now the day out of the whole school only one is absent—little Maggie. Let us hope that she is ill."

Edmonton Basketball Team Scores Victory Over Toronto's Best

Edmonton, Sept. 25.—Securing a thirty-point lead over Toronto in the first game of the series for the world's women's basketball championship, the Edmonton Commercial Grads apparently made sure of successfully defending the title here last night. While the score of 41 to 11 indicates a wide margin of superiority, it was only in the last two ten-minute periods that the challengers were unable to hold off the Edmonton team to a close score.

Expect New York Will Be Scene of World's Series

Arrangements Made by Judge Landis as if Yankees and Giants Were Winners

New York, Sept. 26.—The 1923 world's series will open on Wednesday, October 10, at the Yankee stadium, home of the three-time league champions and greatest baseball park in the country, regardless of whether the New York Giants or the Cincinnati Reds win the fight to represent the National League in the annual classic.

This year's series was decided yesterday at a meeting of local club officials with Commissioner K. M. Landis, when Colonel Jacob Ruppert, owner of the New York Yankees, and the Cincinnati Reds won the fight to represent the National League in the annual classic.

"That's a good start, anyway," said Commissioner Landis. "Last year the Yankees lost the toss and also the series to their Gotham rivals. Should the Giants stand off the eleventh-hour challenge of the Reds and capture the pennant, thus making the scale to play the series in the city of the future, the title games will alternate between the Yankee stadium and the polo ground, until the necessary majority of four contests."

If the Miracle Happens

In event that Cincinnati upsets calculations and wins the flag by a come-from-behind victory, the game will be played in the Yankee stadium and the next two at Redland Field, with a probable lapse of a day for the schedule.

The scale of prices at both local parks will be similar to that of last year at the polo grounds. These prices are \$6 for box seats, \$5 for reserved seats, \$3 for general unreserved admission and \$2 for the bleachers. The scale that would prevail at Redland Field in the event that Cincinnati wins will be determined later.

The games will start at 2 p.m. the same last year, it was further decided. Those who attended yesterday's meeting, Commissioner Landis and Colonel Ruppert, included Edward C. Barrow, secretary and business manager of the National League, and J. J. Tierney, president and secretary respectively of the Giants. The Cincinnati club was not represented.

Some surprise was occasioned in baseball circles by the fact that John A. Heydler, president of the National League, did not attend the session, which was held within a few blocks of his uptown office.

Was Not Informed

"I was not aware of the meeting nor did I know that Commissioner Landis was attending," said Mr. Heydler when his attention was called to the announcement of series arrangements. Beyond this he declined to comment.

It was pointed out that while the settlement of series details rested between Commissioner Landis and the club owners, they also were of direct interest and concern to President Heydler.

Commissioner Landis, in announcing the business transacted by the meeting, did not refer to President Heydler. He left New York early yesterday for Chicago. Officials of the two New York clubs, when questioned about the situation, refused to comment on the meeting, but declared that publicity concerning it had been left entirely in the commissioner's hands.

JOE BECKETT TO QUIT RING AFTER HIS BOUT WITH FRENCHMAN PUG

London, Sept. 26 (Canadian Press Cable).—Joe Beckett, the heavyweight champion, announced that he will retire from the ring after his fight with the French champion, Georges Carpentier, on October 1.

WINNIPEG FIRM WILL BUILD ARTHUR RINK

Port Arthur, Ont., Sept. 26.—The Port Arthur Arena Company, of Winnipeg, for the construction of a hockey and skating rink to cost \$60,000. The rink will be 85 by 165 feet, which is the same as the Amphitheatre in Winnipeg and in other respects the new structure will be almost a double of the Winnipeg plant.

THERE AND BACK

The old lady had just paid her rates, and was in anything but a happy mood when she entered the tramcar on her way home. When the conductor came for her fare, she looked rather sourly at him.

"How much do you get a week, young man?" she asked him. The conductor told her.

"No wonder the rates are high," she snapped, "when they pay you all that money for just running up and down."

"They don't, mum," retorted the conductor, "we get half of it for running down."

Hunter Turns in Two Cards of 72 And Leads Field

Former British Champion is Favored to Win California Title

Del Monte, Cal., Sept. 26.—Championship flight of thirty-two leading golfers who took off to-day in competition for the amateur golf title of California will include four representatives from the Pacific Northwest, ten from Southern California and eighteen from Northern California.

Willie Hunter last night was the outstanding favorite of the tournament. The Southern California champion and former British amateur titleholder in the thirty-six holes of the qualifying round equalled par on both the Pebble Beach and Del Monte courses. To-day, in the first round of match play, he will meet Charles F. Polver, former San Francisco city champion, and considered a strong contender for championship honors.

Veteran in Running

The draw, which brought Hunter and Polver together, also aligned Rudolph Wilhelm, a former Pacific Northwest champion, against Dr. C. H. Walters, sixty-year-old golfer, who has twice lost the state championship in the final rounds. Of these Grissold and Wilhelm are considered to have a good chance of meeting Hunter before the tournament ends. Wilhelm exhibited a brand of golf scarcely less brilliant than that of Hunter yesterday. His aggregate score for the two rounds totaling 146, two strokes more than the Southern California champion.

Look For Hard Games

Interest in the championship flight this year, owing to the tri-sectional nature of the field, is keener than it has been in many years, and some of the toughest matches are anticipated to-day. The scores for the first and second days of play and the total for the two days of players who will compete for the title follow:

Willie Hunter 72-72-144, Rudy Wilhelm 73-73-146, J. J. McHugh 73-75-148, E. S. Armstrong 73-77-150, J. F. Frank 74-76-150, Fred Wright 75-75-150, Claude Edwards 75-76-151, W. Campbell 75-77-152, Sam Conlan 75-78-153, Clara Grissold 75-78-154, Frank A. Kales 75-80-155, Wilton Latham 76-76-152, Harlow Hurley 77-79-156, Guy Standifer 78-81-159, Clark Spiers 87-74-161, E. C. Lauder 88-75-163, E. J. Tierney 79-83-162, Dr. O. H. Walter 85-77-162, E. H. Seaver 79-83-162, George Ritchie 82-80-162, A. E. Darbee 82-81-163, Fred Wright 82-81-164, M. J. O'Brien 81-84-165, D. C. Ryan 84-81-165, W. C. Ryan 85-80-165, Clara Goodwin 86-79-165, G. H. Mullin 84-82-166, Dr. J. H. Steinman 85-81-166, Pat Higgins 83-83-166, E. M. Eddy 81-86-167, and F. D. Tatum 83-83-167.

Those who attended yesterday's meeting, Commissioner Landis and Colonel Ruppert, included Edward C. Barrow, secretary and business manager of the National League, and J. J. Tierney, president and secretary respectively of the Giants. The Cincinnati club was not represented.

Some surprise was occasioned in baseball circles by the fact that John A. Heydler, president of the National League, did not attend the session, which was held within a few blocks of his uptown office.

Was Not Informed

"I was not aware of the meeting nor did I know that Commissioner Landis was attending," said Mr. Heydler when his attention was called to the announcement of series arrangements. Beyond this he declined to comment.

It was pointed out that while the settlement of series details rested between Commissioner Landis and the club owners, they also were of direct interest and concern to President Heydler.

Commissioner Landis, in announcing the business transacted by the meeting, did not refer to President Heydler. He left New York early yesterday for Chicago. Officials of the two New York clubs, when questioned about the situation, refused to comment on the meeting, but declared that publicity concerning it had been left entirely in the commissioner's hands.

OAK BAY GOLFERS AFTER C. & M. CUP

Annual Match Will be Held by Victoria Golf Club Next Month

Arrangements have been completed by the Victoria Golf Club to hold its annual competition for the Challoner & Mitchell Cup. The qualifying round will be played on Saturday, October 6.

The limit of handicap allowed will be twenty-four strokes and every competitor must do a complete medal score, from which his handicap will be deducted. The sixteen players returning the lowest net score will be drawn against one another to play off, match play, for a prize and possession of the trophy for the year. In case of a tie for the last place of the first sixteen, a further hole, or more if necessary, will be played.

The entrance fee will be \$1 and must be paid before any golfer takes part in the competition, for which post entries will be received.

The competitors other than the first sixteen, will be divided into flights according to the number of players and will be drawn in the same way as the first sixteen to play off for a prize in each flight.

The drawing for the first and other flights will be made as soon as the qualifying round is finished, and the result will appear in the press the following day. The first round in all flights will be played on October 7. The second, third and final rounds as soon as possible on account of other competitions being held shortly. In playing off the flights, three-quarters of the difference between handicaps will be allowed.

Vancouver Coming

Capl. Perkins, secretary of the Victoria Golf Club, also announces that the second half of the Rithet Cup competition between the Shuswap and the Victoria Golf Club will be played here on Saturday, October 13. The

Sandlots Have Provided Majors With Many Stars But Here's the Best One

(By Billy Evans)

Seven years ago George Uhle was pitching sandlot baseball in Cleveland.

To-day George Uhle is the pitching ace of the Cleveland Indians. He leads the American League twirlers in games won.

The rise of George Uhle to sudden fame in baseball outdoes the fiction of Frank Merriwell. This hero of many a baseball yarn became famous because of a so-called sharp-breaking curve, a teasing double twist. He did everything but make the ball talk.

While George Uhle lays claim to no double twists in his pitching repertoire, he has a sharp-breaking curve, a teasing double twist, a teasing double twist, a teasing double twist.

That is enough for any pitcher, say the old-time ballsmen of the American League.

Began Career at Fifteen

Uhle is twenty-five years of age. While he has been playing ball since a kid, he figures that his career really started at fifteen. He hopes it that way because it was the first time he wore a regular uniform and played on a club in which every one was a professional.

Prior to that time his baseball outfit consisted of "little more than a glove and usually not a very good one at that."

While the fact is not generally known, Uhle as a youngster aspired to be a catcher. He played that position as a kid. Not until nine years ago did he ever pitch a ball.

The possessor of a great arm, he was urged to pitch a game one day when Uhle was twelve. He did it and he won his game, did a good job of it and has been pitching ever since.

For four years Uhle pitched for any number of amateur clubs in and around Cleveland. He was always open for a pitching engagement. Soon his good work in the box began to receive favorable mention in the press. Every now and then the sandlotter Uhle would turn in some pitching feat that got his name into the headlines.

Then came the turning point in his baseball career. He was signed for a tryout with the Standard team of Cleveland, a fast semi-professional club, representing a big manufacturing concern making auto parts.

local team has not been selected as yet.

The first monthly competition of the Winter season will be held next Saturday at the Oak Bay links, according to the secretary. The competition will be eighteen holes against par, and three-quarters of the handicap will be allowed. There will be two prizes, the entrance fee will be 50c. Post entries will be received and score cards can be obtained from the secretary.

TWELFTH GOLFIER DIES ON LINKS IN ENGLAND; CONTROVERSY RENEWED

London, Sept. 26.—The death of A. R. Smith, secretary of the Dover College, who succumbed while playing golf, has revived the discussion of the age at which golfers should retire. Mr. Smith was sixty-five and was the twelfth English golfer past middle life to die on the links this year. Some British physicians consider that fifty is the game's danger mark. They say that the arteries have become rigid at this age, and that club swinging is likely to be fatal.

'VARSITY TO SEND TEAM

Vancouver, Sept. 26.—Track men from the University of British Columbia will be sent to the Western Athletic Conference meet to be held in Saskatoon October 13, following the decision of the students' council of the university. A four or five-man team will be sent.

ACCRINGTON WINS

London, Sept. 26.—In a Third Division North Section game at Accrington yesterday afternoon, the home team defeated Barrow by 3 to 1.

Only Miracle Can Give Reds Chance To Come Through

Giants Have Increased Lead to Four Games and Appear Certain Winners

New York, Sept. 26.—New York, in a duel between Pitchers Luque and Watson, defeated Cincinnati yesterday three to two. By their victory the Giants regained their lead of four games in the race for the National League pennant. The Giants have now more games to play and the Reds four.

New York has now won ninety-three games and lost fifty-five, while Cincinnati has won ninety and lost sixty. One more loss by the Reds will put them out of the running for the pennant, which will then pass once more to the Giants.

To win the pennant the Reds would have to win all their remaining four games, and the Giants would have to lose the remainder of their contests. The standing of the teams would then be: Cincinnati, won 94; lost 60; New York, won 93, lost 60.

The Yankees were defeated by Detroit, 5-4. While the Braves were beating the Cubs 5-0, the Red Sox were losing to the St. Louis Browns 8-2. The Pirates overcame Philadelphia 18-5, Moore collecting five runs himself.

Philadelphia took two games from Cleveland 6-5 and 5-1. The Senators defeated the White Sox 5-2. The Cardinals defeated the Robins 4-1, after the Robins took their single counter in the first inning.

American League

At Boston—R. H. E. St. Louis 8 12 2. Batteries—Vaughan and Severide; Ferguson, Quinn, Blenthen, O'Doul and New York.

At Washington—R. H. E. Chicago 5 7 0. Batteries—Leverett, T. Blankenship and Crouse; Marberry and Ruel.

Dempsey Likely to Fight at Tijuana But Wills is Barred

Chicago, Sept. 26.—Jack Kearns, manager for Jack Dempsey, who stopped here yesterday on his way to Salt Lake City to join the champion, said last night that tentative negotiations were under way with James C. Coffey to match Dempsey for a fight at Tijuana, probably shortly after the first of the year. No opponent had been selected for the tentative engagement, he said, but added that it would not be Harry Wills, negro fighter. He indicated that Tom Gibbons was being considered.

Kirkwood's Fine Golf Is Feature Of Pro Tourney

Australian Golfer Lost Six Holes in First Nine, Then Won by Super Play

Pelham Manor, N.Y., Sept. 26.—Standing out from a number of brilliant performances in the second round of the Professional Golfers' Association championship over the Pelham Country Club course yesterday was the feat of Joe Kirkwood, the Australian, in overcoming a six-hole lead taken by his opponent, the veteran James West, of Cedarhurst, N.Y., on the first nine. On the last twenty-seven holes Kirkwood shot the greatest golf of his career, squaring the match on the twenty-eighth with a birdie two, and taking the lead with an eagle three on the thirtieth, a crooked hole, 465 yards in length.

All the other leading players won handsily. Gene Sarazen, shooting under par the entire round, defeated O. K. White, 11 up and 19 to play. Long Jim Barnes, three strokes under par, won from John Cowan, 10 and 8; Robert Cruikshank defeated George Underwood, of Butler, Pa., 7 and 5; Walter Hagen trounced Jack Elphick, 10 and 9, and Willie Ogg, close to the course record, toppled Carl Anderson of Buffalo, 12 and 11.

Looked Like a Dub

Kirkwood's game on the first nine was that of the dubbiest of dubs. He found himself, and although he negotiated the second nine in thirty-five, two under par, he could win back only one of the six holes he had lost going out. In the afternoon he continued playing brilliantly, while the game of West, the veteran, fell off.

Kirkwood lost one hole on the second nine when, in trying to hurdle a stylin', he knocked in West's ball, giving the veteran a birdie two. He made the second eight holes go down.

On the first nine he won back four holes, and when they went to the tenth, he was but one down. His eagle and fell within inches of the hole pond fell within inches of the hole pond, and he holed to square the match.

Then the thirteenth West had a long drive and a good lie, while Kirkwood's tee shot fell between two oak trees, on the edge of the fairway.

Kirkwood used a brassie for his second, and fell within two feet of the cup. He holed his putt for the eagle.

Another eagle was made by Jim Barnes. This came on the 574-yard eighteenth hole. Barnes drove to the green and holed a putt of 20 yards.

To-day's round will bring some of the successors to follow. In the first quarter Cruikshank will play Ray Derr, and William MacFarlan will meet Jack Strait. In the second quarter Jim Barnes will have Cyril Walker for a opponent and Gene Sarazen will meet Alex Campbell, the Cincinnati veteran. Clarence Hackney and Fred McLeod and Walter Hagen and John Golden are paired in the third quarter, while Frank Wheeler and George McLean and Willie Ogg are paired.

Marine Corps Shot Makes Fine Showing

Camp Perry, Ohio, Sept. 26.—Sergeant J. M. Thomas, United States Marine Corps, of Paris Island, S.C., with a score of 916 points out of 950 with the service rifle, shot a score of 100 and pistol, last night was declared the winner of the all-round championship of the National Rifle Association. The championship goes to the person scoring the highest points in certain events and over certain courses.

Sergeant Thomas scored as follows: Wimbledon Cup, 100 points; N.R.A. small bore, 232; shotgun, 143, and N.R.A. pistol, 261.

In a special demonstration on the 1,000-yard range with the new Thompson semi-automatic rifle, Major J. Hyde had a string of eight fives and four fours in 45 seconds. This is a record, as with the ordinary army rifle the string of shots requires nearly 70 seconds. The demonstration was witnessed by Colonel M. C. Mumma, executive officer of the national matches, and other officials here.

RING PURSE HELP UP

St. John, N.B., Sept. 26.—The purse of Joe Malone, who won the Canadian championship, was increased by Col. J. C. Carbone, New York, middleweight, whose scheduled ten-round bout here last night was stopped in the ninth round after the referee, who was to conduct an indifferent tactics, is being held up pending investigation.

England Anxious To Develop Real Heavyweight King

Four or Five Young Giants Being Groomed to Lift Greatest Title of All

London, Sept. 26.—England is fine combing her ranks of youth and strength in search of a man of sufficient physique to meet the heavyweight champion of the world. For twenty-five years the country has failed to produce a real heavy-weight leader. It is on this account that the "movement," the American expert gave an interesting account of the adventures he encountered in his search for a contender for the championship.

Search High and Low

All the towns and villages of England, O'Rourke explained, have been searched for the right men. The plan was, when a heavyweight of potentialities is discovered, to pay him the same salary he has been earning and put him through the most rigorous training that an English boxer has ever experienced. He will be taught "the whole

THE LATEST NEWS FROM FINANCIAL CENTRES

SHORT COVERING CAUSES RALLY

(By Burdick Bros. Ltd.)
New York, Sept. 25.—The stock market early was subjected to some further scattering liquidation which had the effect of depressing quotations in the early dealings.

Much of the selling again appeared to emanate from professional sources. In the afternoon turnover an improved tendency appeared and stocks rallied sharply. Short covering was in evidence.

The weekly steel review, on one hand seemed to indicate that September bookings of the so-called independent steel companies would probably not be in excess of August business, and on the other hand mentioned an increase in percentage of operations of the U. S. Steel Corporation over the preceding week, the latter exerting effect on sentiment. Many of the oil shares were in rather good demand and showed gains for the day. Doubtless much

resented covering of short commitments after the drastic declines that have been registered by the oil group, and also some buying on the theory that the worst of the situation confronting this line of industry is over.

Advices touching on the Franco-German situation continued very constructive.

There are no signs of an increase in the outside buying power, and nothing to indicate that support is being rendered by substantial interests.

SHARP ADVANCE ON WINNIPEG MARKET

Winnipeg, Sept. 26.—There was an excellent class of buying on the wheat market here to-day, and prices showed a sharp advance after opening slightly lower. At the close October showed a gain of 1 1/2, November 1 1/2, December 1 1/2, and May 1 1/2. November closed at the high point of the day. Inspections tallied 2,480 cars, of which 2,200 were wheat.

NEW ISSUES

Dominion of Canada 5% Bonds

Two maturities are offered, the choice of which is optional with the purchaser, as follows:

5-Year Bonds Due October 15, 1928 20-Year Bonds Due October 15, 1943

Half-yearly interest (15th April and 15th October) payable at any Head Office or Branch of any Chartered Bank in Canada or at the Assistant Receiver-General's Offices throughout Canada. Principal payable on maturity at the Assistant Receiver-General's Offices throughout Canada.

Denominations—\$100, \$500 and \$1,000

PRICE: For those maturing Oct. 15th, 1928—99.00, yielding 5.23%
For those maturing Oct. 15th, 1943—98.25, yielding 5.14%

To these prices accrued interest to date of delivery is to be added. Bonds will be delivered to purchasers at any point in Canada free of any delivery charge. Those who are holders of Bonds of the Dominion Issue becoming due November 1st next, have the privilege of exchanging their Bonds for those of the above New Issues. Their present Bonds will be accepted at their full face value as of October 15th, but the holder will retain the Coupon or Coupons payable November 1st, representing interest to that date. The difference between the face value and the price on the new Bonds will be adjusted in cash. As the new Bonds bear interest from October 15th, and the holder will receive interest to November 1st on his former holdings, he is the recipient of a bonus of 15 days' interest on his investment through making this conversion.

WE HAVE INSTRUCTIONS TO SACRIFICE

MAKE YOUR OWN PRICE

A MOST IMPROVING NINE-ROOMED HOUSE, all in excellent condition, having recently been painted, thoroughly redecorated inside. House contains all modern conveniences, with several large open fireplaces, paneled walls, beamed ceilings, built-in effects and other attractive features. Large corner lot on car line, in nice, healthy surroundings. This is a residence that could not be duplicated to-day for less than \$5,000, and owing to unavoidable circumstances the owner is forced to sacrifice "at any price." This is a chance of a life time to secure a really good home for next to nothing. Let us show you this snap and then—
MAKE US AN OFFER.
(Remember—We are prepared to sacrifice.)

CANADIAN FEDERATION
WANTS LABOR DAY
MOVED TO JULY

Ottawa, Sept. 26.—That Labor Day be celebrated in future on Dominion Day, July 1, instead of the first Monday in September, was the gist of a resolution unanimously passed by the Canadian Federation of Labor at its annual convention here to-day. Another resolution referred to the convention was that the Federal Government be petitioned to establish an old age pension fund for labor, when workers reached the age of sixty-five.

VISITING SCHOLARS
WILL HAVE TO PAY
Esquimalt School Board
Finds Cost of Education in
City Too Heavy

The question of educational costs loomed largely before the Esquimalt School Board in session last night. Trustee Major Mulcahy presided. Notified by the City Board that Esquimalt pupils taking High School and technical courses respectively would have to pay \$100 and \$110, and that the Esquimalt Board would be held responsible for this payment. The board decided to enlist the aid of parents in the dilemma.

The Esquimalt Board is willing to pay up to \$85 a student, but beyond that it will not go. The difference, \$15 in one case and \$25 in the other, is to be collected from the parents of such children attending city courses, in three instalments. September, January and March, were the months fixed for the instalments.

The meeting decided that Sanich this year will be asked \$85 per pupil attending Esquimalt schools. This figure remains unchanged from last year. The cost of Esquimalt pupils at the Victoria schools in the term past was laid at \$816, the board was notified. The bill will be contested.

It was reported that the Junior Red Cross movement in Esquimalt schools had collected \$20.07 towards the Japanese Relief Fund, and the youthful organization was warmly congratulated on its enterprise. The question of school saving's bank was raised, and it was stated that the Canadian Bank of Commerce offered every assistance to the formation of such a project. The point is to be investigated. Other and minor matters received attention.

HAS HELD OFFICE
OF HISTORIC KIND

Sir Thomas H. Brooke-Hitching is Visitor Here

Associated With Numerous
Offices in World's
Metropolis

Sir Thomas H. Brooke-Hitching, ex-Sheriff of the City of London, England, and the holder of numerous public offices in the British capital, arrived in the city yesterday on a trans-continental tour which will take him to California, and thence back to the East via New Orleans.

He is accompanied by Charles Brook, J. P. of Stalybridge, Cheshire, England, an old political friend.

Sir Thomas is delighted with what he has seen of Canada. He is a particular friend of the late Lord Strathcona, and to the late High Commissioner he owes much of his interest in this Dominion.

Although closely identified with the most venerable corporation in England for so long, and appreciating its survival amid the fluctuating fortunes of the ages, Sir Thomas believes in progress. He told The Times he looks to the ultimate destiny of the city, which is surrounded by twenty-eight municipalities in the County of London, as an inevitable merger, with the Lord Mayor chosen from the whole population of Greater London, instead of from a limited square mile under a quaint mediaeval custom. This is particularly the case because as the procedure now prevails the Lord Mayor must be an alderman who has held the office of Sheriff, and the aldermen are elected in the wards on a limited franchise, not from the council, as in all the reformed municipal bodies of England and Wales.

His Career

Sir Thomas was born in Halifax, Yorkshire, some sixty-five years ago. Upon leaving school he entered his father's business of a wool merchant, but decided to go to London. In 1882 he founded the baby carriage manufacturers, Ludgate Hill. In 1897 the business was sold to a company, of which Sir Thomas has been the chairman for many years. His other business interests have been chiefly in property in the West End of London.

His public career dates back to 1892, when he entered the City of London corporation, and took an active part in organizing the old vestry into the present borough council in London, a system of local government which dates from 1895.

In Many Offices
Mr. Councillor Hitching (the present name was assumed later) was elected chairman of the Law and City Courts Committee; chairman of the Guildhall School of Music; and afterwards chairman of the Port of London Sanitary Authority, which controls the entrance of all food into London, and lastly chairman of the General Purposes Committee.

Sir Thomas was elected sheriff of London, with Sir George Wyatt Truscott, in 1902, both having the honor of Knighthood conferred upon them for their services, and receiving the warm thanks of Common Hall at the conclusion of their year of office.

Sir Thomas is also one of the Lintons for the City of London, and among other city appointments, he was a member of the old School Board for London and was deputy-chairman of the education committee of the Council of the London Chamber of Commerce and was a representative of the city on the London County Council for some years.

In that connection he mentioned that in company with Sir George Truscott he exercised an ancient privilege of the sheriffs, when attending on a deputation at the British House of Commons, of dining the members of the House there.

He had the remarkable experience, after being elected a ward alderman in 1912, of being refused a seat by his colleagues, a privilege of the court of aldermen not exercised for generations, and he was subsequently elected to the office of Lord Mayor.

Mayor of St. Marlebone

Sir Thomas, who was chairman of

the old vestry of St. Marlebone, was an alderman of that borough for six years, and Mayor of Marlebone for a term.

He has been church warden of the historic church of St. Martin's, Ludgate, and All Souls, Langham Place. In 1906 he was an unsuccessful candidate for the Strand Division of Yorkshire, and was also prospective candidate for Stalybridge, but had to retire on account of ill-health.

A Keen Free Mason
During the first two years of the Great War, Sir Thomas was chairman of the executive committee of the French relief fund, and his duties

took him into the war zone and fighting line, month after month.

Sir Thomas has always taken a keen interest in Freemasonry, and in 1903 was appointed P.G.D. England, that honor being followed by his appointment as Grand Overseer, M.M., and G.A.S. in the Royal Arch. His orders are: King Edward VII. Coronation Medal; Officer of the Legion of Honor, France; Officer of Leopold II. Belgium; Grand Cross of St. Sava, Serbia; Grand Cross Danillo, Montenegro.

His greatest interest now is as president of the Secretaries Association, an office he has held since 1910. He resides in Hereford Gardens,

West, and has a castle in the Isle of Wight.

BELLEVILLE ST. LOTS

Proposal to Improve Four Lots Belonging to City

The city health department proposes to take in hand the cleaning up of the city waterfront lots on Belleville Street, four in number, which have long had an unsightly appearance. The action of the health department in taking action on a subject which eventually must be turned over to the parks committee for attention is due to the fact that the

Indians, during the fishing and hopping seasons, when awaiting the arrival of steamers, used the land for camping purposes. It was necessary to expel them and disinfect the property, which is in an untidy condition.

The necessity for action will become more imperative with the extensive improvements adjacent to be carried out by the Canadian Pacific Railway in the way of new marine terminals, now under construction. The property was dedicated to the city many years ago for park purposes, but has never been improved, although some cleaning up was done

a few years ago. It has always been a detriment to Belleville Street frontagers, who would like the city to live up to the undertakings made at the time of transfer.
